Interesting Hardy Plant Novelties For Your 1942 Garden

Alyssum Saxatile Flore Pleno

This delightful dwarf double form of Basket of Gold should be seen to be fully appreciated. Neat symmetrical tufts of silver grey foliage blanketed with double flowers of golden yellow in May and June. Each 40c, per three \$1.00.

Arabis "Spring Charm"

Just before Holland was invaded we procured seed stock of this new carmine-rose beauty. We offer plants of the true strain. The finest red Arabis. Neat rosettes of waxy deep green foliage. Each 40c, per three \$1.00.

Campanula "Pride of Exmouth"

All the leading plant authorities agree that this is the best double true blue persicifolia type. Tall erect stems filled with extra large double flowers of perfect form. Combined with its graceful charm is a dignity found in few plants. Each 40c, per three \$1.00.

Campanula "Telham Glory"

A sport from persicifolia "Telham Beauty," exceeding its parent in size, form, and richness of color. Giant flowers of sparkling China blue well spaced on tall slender stems. Offered for the first time. Each 40c, per three \$1.00.

Mum "September Bronze"

This 1942 novelty—and "September Cloud" and "September Gold" form a new series developed by America's leading hybridizer of fine Mums. Sparkling, crisp, perfectly formed Pompon blossoms of warm bronze and gold completely cover the shapely Azaleamum-like plants from mid-September right up to killing frosts. Each 60c, per three \$1.60, per ten \$5.00.

Mum "September Gold"

Brilliant golden yellow blossoms, trim and neat, twenty-five or more to a spray, form colorful mounds eighteen inches in height by mid-September and on until the season's end. Horticultural experts agree that this new series is a valuable contribution to autumn gardens. Each 60c, per three \$1.60; per ten \$5.00.

Mum "September Cloud"

Extra large ball-like flowers of purest ivory white with soft primrose shading in the center. Fine dark green contrasting foliage. The best white Pompon—breath-taking in its gleaming perfection. Each 60c, per three \$1.60, per ten \$5.00.

Delphinium "Galahad Series"

The most noteworthy series of V. & R. Giant Pacific Hybrids. Exquisite large double flowers of purest white strongly resembling perfectly formed Camellias on wiry tall stems. Each 50c, per three \$1.25.

Dianthus "Little Joe"

At our trial garden all who saw this novelty exclaimed, "What a colorful gem!" The dwarf blue-green foliage is dotted with brilliant crimson single flowers the size of a half dollar. Blooms all through the season. Each 40c, per three \$1.00.

Geum "Princess Juliana"

This glowing rich orange double was recently imported from Holland. Beautiful large flowers on graceful stems in full glory during June. Each 40c, per three \$1.00.

Heuchera "Spitfire"

A top-ranking new introduction. Extra large bell shaped flowers of luminous scarlet. Recognized as the most vivid of all Heucheras. Compact habit of medium height. Each 40c, per three \$1.00.

Lythrum "The Beacon"

A novelty of merit with its erect three foot stems topped with spikes of bright rosy red. This English variety does well in a moist location and blooms over a long period. Each 30c, per three 75c, per ten \$2.00.

Phlox "Progress"

The most striking blue yet developed in the tall mid-summer blooming Phlox. Large florets of bright blue shaded with a lavender eye form massive flower heads. A sturdy dependable grower. Each 50c.

Phlox Setacea "Camla"

An English gem for a dry spot in the rock wall or for edging because of its neat manner of growth. The low deep green foliage is smothered with glowing pink flowers in the Spring. Each 40c, per three \$1.00.

Pyrethrum "Carol Taylor"

This 1942 introduction is the most charming of all double Painted Daisies. The rich cameo pink flowers are molded in a tight ball-shaped form. For all its delicate and exquisite color and form it is a rugged strong grower. Fall 1942 delivery only. Limited supply. Each 40c, per three \$1.00.

ONE PLANT OF EACH OF THE NOVELTIES Pyrethrum "Carol Taylor" excepted, ONLY \$5.50 (value \$6.30).

Hardy Herbaceous and Alpine Plants Recommended for American Gardens

**"What will live and grow for us,
will live and grow for you."**

Strong, healthy plants grown along the shores of Lake Erie, one of Nature's most severe testing laboratories of a plant's hardiness.

Because of the extra size of our plants all orders are shipped via Express, unless ten per cent (10%) is added to order to cover postage. You will find gratis plants more than pay for transportation charges.

OHIO CUSTOMERS please add the State Sales Tax on plant orders only.

ACHILLEA

YARROW

Filipendula "Parker's Variety". Large, flat flower heads of golden yellow held on towering 4 ft. stems from June well into the summer. Ornamental in the back border and fine for cutting.

Millefolium "Cerise Queen". A handsome, profusely blooming plant with dark green finely cut foliage and flat topped flowers of rich cerise on 2 ft. stems during June and July. Decorative in the garden or as a cut flower.

"Perry's White". An improved strain of our own selection. Large perfectly form buttons of pearl white cover the symmetrical 18 inch plant throughout the early summer. Very useful in flower arrangements.

Tomentosa aurea. The tidy low growing Woolly Yarrow. In late May and June it is a mass of yellow on neat 3 inch tufts of gray green. Effective in the rocky or for edging purposes and is attractive at all seasons.

Any of above: Each 25c, per three 60c, per ten \$1.50

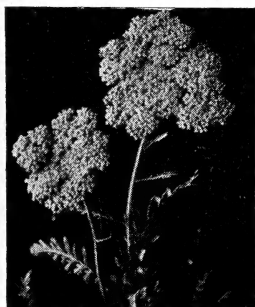

AETHIONEMA

PERSIAN CANDYTUFT

Persicum. A choice little alpine for the rocky or low border. Compact steel gray foliage covered during June with bracts of rose pink flowers. 6 inches. Each 30c, per three 75c.

AJUGA

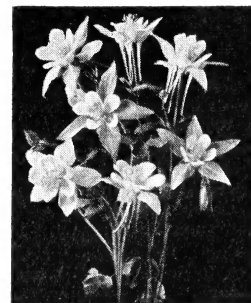

Reptans. A splendid dwarf, highly recommended as a ground cover for shady spots in the garden. Strong growing prostrate plants with rich dark green foliage filled with short deep blue flower spikes in June and July. 6 inches. Each 25c, per three 60c, per ten \$1.50, per 100, \$12.00.

Achillea, Filipendula

Aubrietia, Gloriosa Hybrids

Aquilegia, Scott Elliott

ALYSSUM

Saxatile flore pleno. The unusual and beautiful double form of Basket of Gold. From the time Tulips begin to bloom until well into June the neat plant is a shower of golden yellow. 8 inches. Each 40c, per three \$1.00.

Saxatile compactum. The popular and dependable Basket of Gold. Blooms in May and June and is colorful in the low border or the rock garden. Each 25c, per three 60c, per ten \$1.50.

ANCHUSA

Italica Dropmore. A reliable and stately subject for the border. Graceful clusters of vivid blue flowers on silvery gray foliage. Rugged 5 ft. plants in full flower during the early Summer. Each 25c, per three 60c, per ten \$1.50.

Italica "Feltham Pride". An improved form more compact in habit. The 4 ft. plants are a mass of brilliant blue Forget-Me-Not-like flowers in June. Each 30c, per three 75c.

Myosotidiflora. The ever popular Russian Forget-Me-Not. In the Spring the dwarf plants are hidden by sprays of flowers in a glorious shade of blue. One of the finest subjects for the low border or rockery. 12 inches. Each 30c, per three 75c, per ten \$2.00.

ANEMONE

PASQUE FLOWER

Pulsatilla. This interesting beauty is one of the first to greet the Spring. Cup-shaped flowers on nodding 8 in. stems rise like silvery lilac Crocuses from attractive serrated foliage. Each 30c, per three 75c, per ten \$2.00.

Aster Frikarti Is a Persistent Bloomer

ANTHEMIS

"Perry's Variety". Large daisy-like flowers of golden yellow. A wealth of fine cutting material throughout June and July. 24 inches. Each 25c, per three 60c, per ten \$1.50.

"Moonlight" An improved type of fine habit with pale yellow flowers of extra size. Choice for cut flowers, blooming all summer. 2½ feet. Each 40c, per three \$1.00.

AQUILEGIA

COLUMBINE

The most popular flower in the American garden is the Columbine. Their grace and beauty heighten the charm of June borders.

Clematiflora. The new European novelty with large Clematis-shaped flowers in delicate pastel tones. Try a group of three in your perennial border for an unusual effect. Each 35c, per three 90c, per ten \$2.50.

Chrysanth. Tall and graceful with long spurred flowers of golden yellow. Each 25c, per three 60c, per ten \$1.50.

Chrysanth "Silver Queen". A selected strain of extra large pure white long spurred flowers. Each 30c, per three 75c.

"Crimson Star". An English novelty with long spurred flowers of rich crimson. The corolla is bluish white shading to glowing carmine. Each 30c, per three 75c, per ten \$2.00.

"Farquhar's Pink". A choice long spurred strain in shades of bright pink and rose. Each 30c, per three 75c, per ten \$2.00.

Long Spurred Blue Shades. Shades of blue from indigo to lavender are always exquisite in Columbines and this strain is grown from the finest of the blues. Each 30c, per three 75c.

"Mrs. Scott Elliott Hybrids"

The peer of long spurred hybrids. A blended mixture of rich shades and pastel tones. Unusual color combinations such as Nankeen yellow and carmine, lavender and buff, royal blue and cream abound in this strain. Highly recommended. Each 25c, per three 60c, per ten \$1.50.

Flabellata nana alba. A choice dwarf variety. Stocky plants of glaucous green foliage about 1 foot high which make a pleasing contrast. The waxy white short spurred flowers, showing in May and June, are held just above the leaves. Each 30c, per three 75c, per ten \$2.00.

ARABIS

ROCK CRESS

Alpina. The Spring flowering dwarf which is covered with glistening white flowers. Compact gray green foliage. Useful in the rockery or as an edging plant. Each 25c, per three 60c, per ten \$1.50.

Alpina flore pleno. In mid-April through May this grand double form is a carpet of pure white. Each 30c, per three 75c, per ten \$2.00.

"Spring Charm". A grand European novelty which we recently introduced. Waxy deep green rosettes of foliage from which arise flower heads of bright carmine on 6 in. stems. A gem for the low border, during April and May. Each 40c, per three \$1.00.

ARMERIA

Cephalotes rubra. Neat cushion-like plants of deep green with ball-shaped flowers of bold rose red on 8 inch stems in June and July. Each 30c, per three 75c, per ten \$2.00.

Maritima Hybrids. Compact tufts of dark green with globe-shaped flowers ranging in colors from rich red to white. In bloom during May and June and fine for edging. 8 inches. Each 25c, per three 60c, per ten \$1.50.

ARTEMISIA

Lactiflora. Astilbe-like panicles of fragrant, misty white flowers from late July into the Autumn. 5 ft. Each 25c, per three 60c, per ten \$1.50.

ASCLEPIAS

BUTTERFLY WEED

Tuberosa. One of the most brilliantly colored of American natives growing beautifully in the full sun. The flowers, held on stout 2 ft. stems, are a glowing rich orange touched with yellow and red. Try it as a cut flower with Shasta Daisies for a unique bouquet. July and August blooming. Each 25c, per three 60c, per ten \$1.50.

ASTER

MICHAELMAS DAISIES

"Abendrothe". From early September until frost it is a mass of bright lavender pink flowers. 4 feet.

"Blue Gem". A profusion of brightly colored flowers of almost the identical shade of Hardy Ageratum. 3 feet.

"Climax". An old favorite with large flowers of light blue. 4 feet.

"Mrs. Francis Childers". In early September the 4 ft. plants are completely covered with brick carmine flowers that have a gold crested center. Effective. Each 25c, per three 60c, per ten \$1.50.

ASTER

SELECTED NOVELTIES

Alpinus "Goliath". The attractive alpine Aster with extra large flowers of lavender blue brightly marked with a golden center disc. Blooms in May and June on 8 inch stems. Each 30c, per three 75c.

"Beechwood Challenger". Considered the best red of all Asters. Free flowering of medium height it is a shower of bright crimson from September well into the Fall. Each 35c, per three 90c, per ten \$2.50.

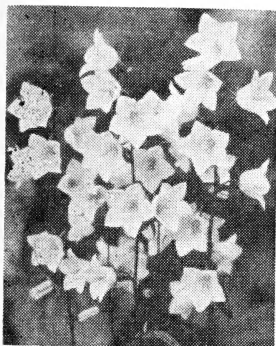

Frikarti "Wonder of Staffa". One of the finest of the newer plant introductions. Large flowers of vivid lavender blue on stocky 15 inch plants. Blooms persistently from late summer until snow flies. Each 40c, per three \$1.00.

"Harrington's Pink". The finest Pink Aster and so proclaimed at the Waltham Field Station trials. The 4 ft. plants are filled with clear rich pink flowers during September. Each 40c, per three \$1.00.

"Wartburg Star". A giant flowering Spring Aster of brilliant blue with a center disc of vivid orange. Effective as a cut flower or for the low border. 12 in. Each 35c, per three 90c.

Collection 1: One each of the five Novelty Asters, \$1.50.

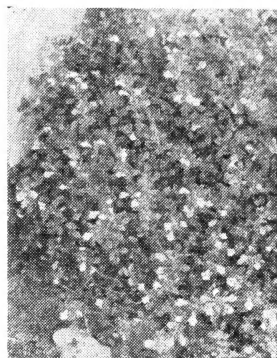

Campanula "Harmony" Is an English Novelty

Campanula, Telham Glory

Anthemis, Moonlight

Calamintha, Alpina

AUBRIETIA

"Gloriosa Hybrids". A new European strain of large flowered hybrids in shades of pink, rose, mauve and purple. Blooming in late April and May this choice dwarf is ideal in a rock wall or the rockery. Each 30c, per three 75c, per ten \$2.00.

AZALEA

Mollis Seedlings. Sturdy, well rooted three year old seedlings are an economical source for a grand show of these handsome shrubs. Many of them will bloom a year after being transplanted to your garden with colors ranging from flame orange to yellow. Each 35c, per three 90c, per ten \$2.50.

BAPTISIA

Australis. The long Lupin-like spikes of indigo blue fill the 4 ft. plants in June and July. Effective as a hedge and colorful in the border or for cutting. Each 25c, per three 60c, per ten \$1.50.

BOLTONIA

Latisquamae. Impressive in the back border in the late summer when color is lacking. Hundreds of single light pink daisies cover the 5 ft. plant. Each 25c, per three 60c, per ten \$1.50.

CALAMINTHA

ALPINE MINT

Alpina. Neat and low growing covered with dainty lavender flowers in June. The deep green, bronze-touched foliage mats nicely among the rocks. Each 25c, per three 60c, per ten \$1.50.

CARNATION

Grenadin. The hardest of double Carnations for the border. The brightly colored flowers show to advantage, contrasting with the silver gray foliage. Their spicy fragrance, perfect form, and 15 inch stems make them ideal cut flowers.

King of Blacks
Bright Scarlet
Rose Queen

White Gem
White Gold
Mixed

Any of above: Each 25c, per three 60c, per ten \$1.50

Collection 2: One each of Five
Carnation \$1.00.

CEPHALARIA

Tatarica. The bright yellow Scabiosa pennsylvanica. Recommended for the back border where it towers with 6 ft. stems filled with large double yellow flowers in June and July. Useful for cutting. Each 25c, per three 60c, per ten \$1.50.

CAMPANULA

Carpatica. The dwarf free-flowering Carpathian Harebell. Neat tufts of crinkly deep green foliage covered in June with cup-shaped flowers of bright blue. 6 inches. Each 25c, per three 60c, per ten \$1.50.

Carpatica "Harmony". A grand new English novelty imported by the U. S. Department of Agriculture. Extra large flowers of deep rich blue that open wide giving a bright show of color. Each 35c, per three 90c.

Calycanthemum. The colorful Cup and Saucer Canterbury Bells. Branching 3 ft. stems filled with large flowers during June and July. Three bright colors—Blue, Rose, White, or Mixed. Each 25c, per three 60c, per ten \$1.50.

Garganica Major. A gem for the rock wall forming 2 inch tufts of small heart-shaped leaves smothered with starry blue flowers. June blooming. Each 35c, per three 90c.

Persicifolia "Pride of Exmouth"

An aristocrat among the newer plant introductions. We feel extremely fortunate in being able to offer this exceptional English novelty. The stately 3 ft. spikes are filled with beautifully formed double flowers of a soft lavender blue. Greatly improved as to form we are glad to report that it is perfectly hardy under the most trying conditions. Each 40c, per three \$1.00, per ten \$3.00. (Stock limited).

Persicifolia "Telham Glory"

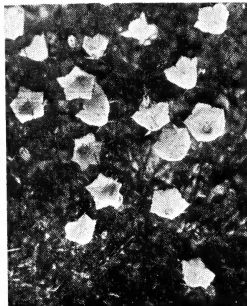

New. Our own introduction. It is rare when a seedling equals in quality its parent. When it surpasses it in size, color, and vigor it is one of those happy finds that hybridizers hope for but seldom realize. This giant flowered China-blue single is a seedling of C. "Telham Beauty," exceeding its parent in all qualities. Limited supply. Each 40c, per three \$1.00.

Poscharskyana. The choice Siberian Harebell. Low tufts of dark green with short trailing branches filled with vivid blue flowers. A bright show of color from June well into the summer. Each 30c, per three 75c.

A Choice Selection of Fine Mums

Mum, Lavender Lady

Campanula, Harmony

CHRYSA nth EMUMS RECENT INTRODUCTIONS

Of the many new Mums recently introduced we present the outstanding varieties, selected for their distinctive qualities.

"Algonquin". One of the finest of the U. S. Dept. of Agriculture introductions. Large 3 in. flowers of pure yellow from mid-September until frost.

"Ember". Glowing burnt orange of fine form. From late September long into the Fall.

"Eugene A. Wandaer". Extra large flowers measuring 4 to 5 inches across of brilliant golden yellow in mid-September. Symmetrical 18 in. plants.

"King Midas". Beautifully formed rich yellow flowers in full glory during October.

"Little Bob". The new English form of the Cushion Mum. A compact 24 in. mound covered with double button type flowers of a fresh crushed strawberry color. Early autumn bloomer.

"Mrs. Pierre S. DuPont III". A soft salmon rose suffused with a luminous sheen. Strong 2½ feet plants in early October.

"Rapture". Double flowers of a striking rich orange overcast with an iridescent glow in late September.

"Romany". A delightful bright red brightly tinted with coppery-bronze. 2½ feet.

Any of above: Each 30c, per three 75c.

Collection 3: One each of the eight Mums \$2.00

Hardy Garden Mums

"Bronze Button". Erect 18 in. plants filled with copper red buttons in early October. Formerly listed as "Little Bob" but changed because of the newer variety which is a different type entirely.

"Gold Coin". Incurred petals of rich burnt gold. October blooming.

"Gypsy Queen". Sparkling rich bronze shaded with Indian red in early October.

"Jean Treadway". A lively rich pink resembling a double Aster. From late September into the Fall.

"L'Argentuilais". An early September variety with a profusion of large double flowers in a brilliant shade of copper scarlet tipped with gold.

"Tasive". An early semi-dwarf double white of excellent form. Attractive in the garden.

"Vivid". Large shaggy semi-double flowers of Burgundy red in mid-September.

"White Beauty". Extra large double flowers that open to a bluish pink expanding into a clear white in October.

Any of above: Each 25c, per three 60c, per ten \$1.50

Collection 4: One each of the 8 Mums \$1.50

Cushion Mums

The most popular of the early season Mums. Hundreds of double flowers, so closely set they form a sheet over the compact dwarf 15 in. plants. Ideal for edging or a spot of color in the early autumn border.

"Bronze Cushion"

"Pink Cushion"

"White Cushion"

Each 25c, per three 60c, per ten \$1.50

Korean Mums

The hardy mid-season varieties hybridized from the native of Korea.

"Apollo". Glowing orange bronze and old gold.

"Ceres". A large single bronze overcast with chamois.

"Hebe". A striking deep pink semi-double.

"Mars". A velvety amaranth red single.

"Mercury". Deep red in bud opening to a copper scarlet.

Each 25c, per three 60c, per ten \$1.50.

Collection 5: One Each of the Korean Mums \$1.00.

Hardy Arctic Mums

"Astrid". A rugged dependable Cushion type Mum forming symmetrical rounded plants filled with large single flowers of old rose shaded with apricot. From mid-September well into the Fall it is always attractive. Each 25c, per three 60c, per ten \$1.50.

CENTAUREA

Dealbata. A showy variety with fluffy lavender rose flowers in late June. The entire plant has an attractive appearance making it a valuable border subject. 2½ feet.

Macrocephala. Large thistle-like heads of golden yellow on erect 3 ft. stems. Blooming at the same time as Delphinium they combine beautifully in a bouquet.

Montana. The popular old favorite, Blue Corn Flower. Shaggy flowers of violet blue in mid-summer. 2 ft.

Any of above: Each 25c, per three 60c, per ten \$1.50

CIMICIFUGA

Racemosa. A lovely American native for a semi-shady spot in the tall border. Fluffy white flower spikes carried on 5 ft. stems in August. Each 25c, per three 60c, per ten \$1.50.

COREOPSIS

Double "Sunburst". Showy and dependable for the summer garden. Golden yellow semi-double flowers in great profusion all during the season. 3 feet. Each 25c, per three 60c, per ten \$1.50.

"Mayfield Giants". A selected strain of giant yellow singles. Each 25c, per three 60c, per ten \$1.50.

verticillata. Splendid for the mid-summer garden. The finely cut foliage is covered with star-shaped golden yellow flowers. For a pleasing show try a group of these with the blue Hardy Ageratum. Each 30c, per three 75c, per ten \$2.00.

DIGITALIS FOXGLOVE

Shirley Select Hybrids. Handsome spikes on 4 ft. stems in shades of rose, purple, pink, lavender and white brightly marked with chocolate in the throat. Each 30c, per three 75c, per ten \$2.00.

Dictamnus is a Garden Aristocrat

DELPHINIUM

Belladonna "Cliveden Beauty". Brilliant sky-blue single flowers on erect 4 ft. stems. An old favorite for cutting. Each 25c, per three 60c, per ten \$1.50.

"Lamartine". We are growing this greatly improved variety in place of the bellamosa type. Extra large flowers of vivid blue handsomely marked with a white bee. Each 25c, per three 60c, per ten \$1.50.

The Famous V. & R. Giant

PACIFIC STRAIN

"Galahad Series". Exquisite double flowers of pure white on stiff erect stems. Each 50c, per three \$1.25.

"Blue Jay Series". Double flowers in a brilliant mid-blue color. Each 50c, per three \$1.25.

"Summer Skies Series". Light blue doubles delicately tinted with pink. Each 50c, per three \$1.25.

Giant Pacific Mixed. Grown from the choice V. & R. strain. Choice doubles and deluxe semi-doubles in all the rich colors found in Delphiniums. Each 30c, per three 75c, per ten \$2.00.

DIANTHUS

Arvenensis. A dainty gem for edging or a rock wall. Neat glaucous green tufts studded with rich pink flowers on 3 in. stems in June. Always tidy in habit. Each 30c, per three 75c, per ten \$2.00.

Caesius fl. pl. "Rose Queen"

A Huntington introduction of merit. Compact clumps of blue gray foliage dotted with double flowers of bright rose pink on 6 in. stems in June. Each 30c, per three 75c.

Deltoides "Major Stearns Variety". Forms low mats of deep green foliage completely covered with crimson flowers in June. Ideal for a rock wall. Each 25c, per three 75c, per ten \$1.50.

Knappi. Clusters of bright yellow flowers on waving 8 in. stems from June well into the summer. Each 25c, per three 60c, per ten \$1.50.

"Little Joe". One of the most attractive of the newer introductions. Sparkling crimson single flowers about the size of a half dollar are held on 3 in. stems above the spiney blue green foliage from May well into the late summer. Each 40c, per three \$1.00.

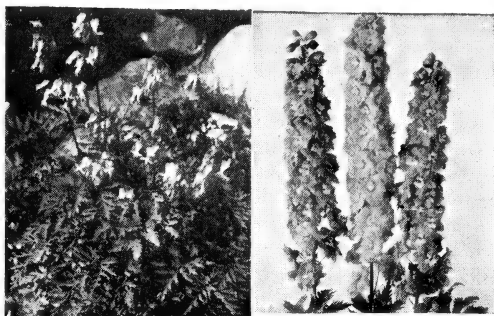

Plumarius "Spring Beauty". A new improved form of the old favorite Spiced Pinks. Double and semi-double flowers borne on wiry 12 in. stems make choice cutting material. Each 25c, per three 60c, per ten \$1.50.

Collection 6: One Each of Six Plants \$1.50.

Garden Pinks

"Beatrix". A hardy popular variety with heavy green foliage. Clusters of large salmon pink flowers constantly in bloom from June until September. Each 30c, per three 75c.

"Silver Mine". A striking new introduction similar to "Beatrix" except that the flowers are pure white held on 10 in. stems. Each 35c, per three 90c.

Dicentra, Eximia

Delphinium Pacific

DICENTRA

BLEEDING HEART

Eximea. The attractive everblooming Bleeding Heart so widely used in the summer borders because of its show of color and its fresh appearing fern-like foliage. Clusters of cherry red hearts all summer long. 12 in. Each 25c, per three 60c, per ten \$1.50.

Spectabilis. The true Old-Fashioned Bleeding Heart. An established favorite for June gardens. We recommend early transplanting for best results. Each 40c, per three \$1.00, per ten \$2.50.

DICTAMNUS

Fraxinella. A garden Aristocrat increasing in beauty each season and never grows out-of-bounds or is unsightly. Glossy, lemon-scented foliage with flower spikes on 2½ ft. stems in June. Two colors—Rose or White. Each 35c, per three 90c, per ten \$2.25.

DORONICUM

"Excelsum". Beautiful golden yellow daisy-like flowers on 2 ft. stems. A delightful flower for cutting on Memorial Day and presents a gay show in the border. Each 30c, per three 75c, per ten 2.00.

EUPATORIUM

HARDY AGERATUM

Coelestinum. Presents a rich show of color in the late summer border and is widely used as a cut flower. Fluffy flower heads of deep lavender blue cover the 15 in. plants. Each 25c, per three 60c, per ten \$1.50.

EUPHORBIA

Corollata. Sprays of white flowers resembling Baby's Breath blooming in mid-summer after the Gypsophila is gone. Ideal as a filler in bouquets. 2 ft. Each 25c, per three 60c, per ten \$1.50.

Polychroma. A distinctive item for the rockery or the low border. Starts to bloom in early May and as it matures changes from a lemon yellow to a rich gold. 12 inches. Each 40c, per three 90c.

FESTUCA

Glauca. The useful Blue Fescue Grass for edging and as a color contrast in the low border. Spiked tufts, 6 in. high, of blue green. Each 25c, per three 60c, per ten \$1.50.

"Betscher's R. A. 15". A grand new hybrid with stately long stems bearing large flowers of bright yellow blended with glowing orange in late July and August. 3 ft. Each 50c, per three \$1.25.

"Golden". A Betscher introduction. Recurved petals of brilliant deep orange. At its finest in July. 30 in. Each 30c, per three 75c, per ten \$2.00.

"Gypsy". One of Betscher's fine hybrids in an unusual color. Deep golden orange overlaid with burnt orange. Early July. 2 feet. Each 35c, per three 90c, per ten \$2.50.

"Hyperion". One of the most popular of all Day Lilies. Huge flowers of a rich cream yellow on tall stately stems in July and August. Each 75c, per three \$2.00.

"Modesty". A Betscher triumph and should be better known. Equally as large as "Hyperion" and a clearer, brighter citron-yellow. Blooms in June along with Delphiniums and for a rare combination try this with Pacific Giants. 3 ft. Each 75c, per three \$2.00.

"Mrs. J. A. Crawford". A Betscher hybrid containing all the fine points such as rugged habit, tall growth, and extra large flowers of rich golden yellow toned with apricot in June and July. Each 35c, per three 90c.

"Ophir". Huge trumpet shaped flowers of deep gold shaded with pure orange on erect 30 in. stems in early July. Each 35c, per three 90c.

Collection 7: One Each of the 8 Choice Hybrids \$3.00.

Standard Day Lilies

Aurantiaca. A handsome variety at its best in July. Flowers of bright orange tinted with saffron. 3 ft. Each 25c, per three 60c, per ten \$1.50.

Flava. An early June bloomer with flowers of light yellow on slender 30 in. stems. Each 25c, per three 60c, per ten \$1.50.

Kwanso flore pleno. An effective double flowered variety. Deep orange brightly overcast with copper. 3 ft. Each 30c, per three 75c, per ten \$2.00.

Thunbergi. A tall and stately variety with slender 4 ft. stems bearing lemon yellow flowers from late June well into July. Each 25c, per three 60c, per ten \$1.50.

HEPATICA

Triloba. An ideal American native for a shady spot in the garden. Tufts of leathery green foliage covered with lavender blue flowers on 6 in. stems in the early Spring. Each 25c, per three 60c, per ten \$1.50.

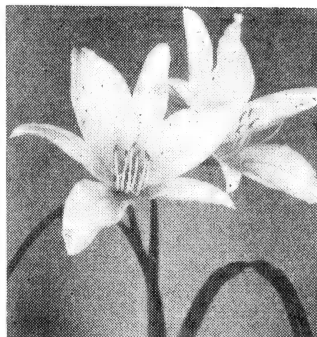

HEUCHERA

CORAL BELLS

Brizoides. A misty shower of pink all summer. A myriad of tiny bells on slender 15 in. stems rising from compact tufts of bronze green foliage. Recommended as a filler in bouquets. Each 30c, per three 75c, per ten \$2.00.

Sanguinea "Spitfire". Our new introduction which has been acclaimed as the finest scarlet. Extra large bells in great profusion on graceful 12 in. stems. Highly recommended. Each 40c, per three \$1.00.

THE RALPH E. HUNTINGTON NURSERIES
PAINESVILLE, OHIO

Hemerocallis, Hyperion

HIBISCUS

GIANT MALLOW

Mallow Marvels Mixed. Huge blossoms in shades running from deep red through pink to white with crimson markings. Colorful in the early summer border and effective when planted among evergreens. 5 ft. Each 25c, per three 60c, per ten \$1.50.

"Huntington's Grenadier". A gorgeous deep crimson which we introduced recently. Try a group of these vivid flowers in the back border. 5 feet. Each 30c, per three 75c, per ten \$2.00.

HOLLYHOCK

"Triumph". Waved and fringed double flowers in two-toned color combinations such as lavender and purple, Nankeen yellow with a center zone of lilac, and other pleasing shades from rose to deep crimson. 4 ft. Each 30c, per three 75c, per ten \$2.00.

IBERIS

HARDY CANDYTUFT

Sempervirens. Compact evergreen tufts covered in May and June with pearl white flowers. Ideal for bordering a garden path. 8 in. Each 25c, per three 60c, per ten \$1.50.

INCARVILLEA

Delavayi. The handsome Trumpet Flower with heavy pinnate leaves and rose pink flowers on erect 18 in. stems in June. Each 30c, per three 75c, per ten \$2.00.

IRIS

JAPANESE IRIS

The most colorful of the entire Iris group. The flowers are of immense size—from 6 to 8 inches in diameter—and are held on stiff 3 ft. stems. A grand show during June.

"Astarte". A rich dark violet double blooming a little later than most Jap Iris.

"Gold Bound". Clear white daintily lined with gold.

"Hercules". Large double delicate lavender.

"Margaret S. Hendrickson". Wavy petals of soft blue.

"Mahogany". A late blooming deep velvet brown red.

"Purple and Gold". Purple attractively spotted with gold.

"Pyramid". Double rich violet veined white.

"Rose Anna". Double ivory white with ruby red veins and yellow blotch.

Any of above; Each, 30c, per three 75c, per ten \$2.00

Collection 8: One Each of the 8 Jap Iris \$1.75.

The Vesper Iris is a Lovely Thing

Helenium, Chippersfield Orange

Plumbago, Larpentae

Pachysandra

Dwarf Pumila Iris

These early Spring bloomers are gems in the rock garden. Compact foliage of neat habit. Bold, bright blossoms on erect, 6-inch stems. Can be used for bordering flower beds.

Atroviolacea. An extra dwarf variety. Flowers of rich purple blue.

Fairy. Bright caerulean blue. Very dwarf.

Orange Queen. Large orange yellow.

Sambo. Glowing purple violet.

Snow Cap. Lovely cream white flowers.

Price of above: Each 25c, per three 60c, per ten \$1.50

Collection 9: One each of the 5 Pumila Iris, only \$1.00.

Novelty Iris

Dichotoma (The Vesper Iris). Dainty orchid-like flowers of rich lavender and mauve are borne on graceful slender stems. A welcomed addition to the August gardens when it is at its loveliest. The flowers open about four in the afternoon, hence its name. 3 ft. Each 25c, per three 60c, per ten \$1.50.

Arenaria. A rare little Iris of exceedingly dwarf habit. The entire plant only grows about 6 in. high. Narrow leaves forming compact tufts. In late April and May the plant is smothered with perfectly formed flowers of a rich golden yellow. Does well in full sun and in light soil. For a novelty of merit we highly recommend this. Each 30c, per three 75c.

LAVANDULA ENGLISH LAVENDER

Vera. Fragrant, blue-gray foliage in neat clumps topped with lavender blue flowers in June. A splendid rock plant and equally effective in the low border. 8 in. Each 25c, per three 60c, per ten \$1.50.

LINUM

Perennae Blue (Hardy Flax). One of the most profuse blooming plants for the border in the entire list. From early Summer well into the Autumn it is covered with bright blue flowers. Each evening the flowers drop to be replaced the next morning with a fresh supply. 18 in. Each 20c, per three 50c, per ten \$1.50.

Flavum nanum compactum. A choice dwarf bushy plant for the low border or rockery. Creamy yellow flowers on 8 in. stems during June and July. Each 30c, per three 75c, per ten \$2.00.

LIATRIS BLAZING STAR

Pycnostachya. Handsome, full spikes of bright purple tipped with lavender. One of the finest for cutting, mixing well with Glads. Blooms in early August. Erect, stiff stems. 5 ft. Each 25c, per three 60c, per ten \$1.50.

Scariosa. A distinct type, blooming earlier than *L. pycnostachya*. The stately lavender purple spikes are made up of large, individual florets. Each 25c, per three 60c, per ten \$1.50.

"September Glory". A long, solid spike of purple on towering 6-ft. stems. Unlike other varieties, comes into bloom all at the same time. A grand show in September. Each 30c, per three 75c, per ten \$2.00.

"White Spire". A delightful white sport of "September Glory". Heavy spikes on sturdy 5 ft. stems. Each 40c, per three \$1.00.

LILY-OF-THE-VALLEY

Majalis. The ever-popular bedding plant. Dainty little bells of pure white so delightfully fragrant. Place in a shady nook of the rockery or grow a little colony of them in some secluded part of the garden. Each 30c, per three 75c, per ten \$2.00, per hundred \$15.00.

LOBELIA

Cardinalis (Cardinal Flower). An American native of unmatched vivid scarlet. Grows luxuriantly in a cool situation. In August the long spikes are a blaze of glory. 3 ft. Each 25c, per three 60c, per ten \$1.50.

Syphilitica Blue. A native of the Northern states with semi-dwarf spikes of rich blue. A group of these in a shaded part of the border makes a brilliant show during the Midsummer. 2 ft. Each 30c, per three 75c, per ten \$2.00.

LUPINUS

Russell's New Hybrids. The English plant sensation with heavy spikes of bi-colored flowers in many color combinations. A superb item for the June border. Each 40c, per three 90c, per ten \$2.50.

LYCHNIS

Viscaria splendens flore pleno. Dense tufts of deep evergreen foliage. In June short spikes of double, vivid garnet flowers rise 8 in. above the foliage. Its bright coloring makes it equally useful in the rockery or low border. Each 30c, per three 75c,

Use *Lythrum* "The Beacon" for Color

LYTHRUM

Roseum Superbum. Showy plants with long spikes of bright rose. Will thrive in any situation and does particularly well in a waterside planting. A bright spot of color from June until August. 4 ft. Each 25c, per three 60c, per ten \$1.50.

"The Beacon." This recent introduction is a showy deep carmine red. Large well formed spikes. 3½ ft. Each 30c, per three 75c, per ten \$2.00.

MERTENSIA

BLUE BELLS

Virginica. The charming Virginian Blue Bells with drooping panicles of rich blue fading to clear pink. Well-known to all who went wild flowering in childhood along the river bottoms. April and May blooming. Should be transplanted in August, but can be moved safely in early April. Each 25c, per three 60c, per ten \$1.50, per 100 \$12.00.

MONARDA

Didyma, "Cambridge Scarlet" (Bergamot). Showy plants with aromatic foliage. Covered with a mass of brilliant crimson flowers in July. 2 ft. Each 25c, per three 60c, per ten \$1.50.

Didyma rosea. The same as above with the exception of the color. A bright deep rose. Each 25c, per three 60c, per ten \$1.50.

NEPETA

Macrantha. A neat item of prostrate form. Silver gray foliage with lavender blue flowers in May and June. Fine for rockery or edging. Each 25c, per three 60c, per ten \$1.50.

Mussini. One of the old dependables for edging or for rockery. Bright gray green foliage with a profusion of short spikes of rich lavender blue. Blooms from June well into the Summer. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

OENOTHERA

Missouriensis (Ozark Sun Drop). A delightful dwarf for the rock garden. Prostrate leathery leaves and large open flowers of a brilliant yellow. Makes a fine show among the rocks in June and July. Each 25c, per three 60c, per ten \$1.50.

PARDANTHUS

Chinensis (Blackberry Lily). A striking deep orange Lily-like flower. Blooms in July on slender, 2-ft. stems. The interesting seed pods resemble giant Blackberries. Each 25c, per three 60c, per ten \$1.50.

PACHYSANDRA

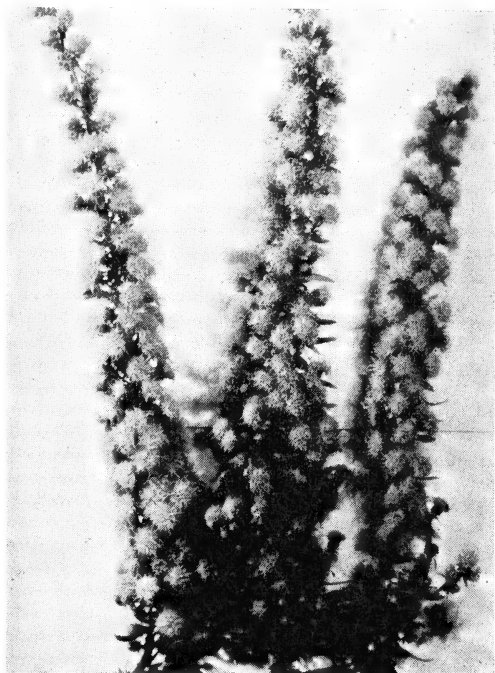

Terminalis. One of the most satisfactory of all ground covers. Varnished deep green foliage. Each 25c, per three 60c, per ten \$1.50, per 100 \$12.00.

PHYSOSTEGIA

FALSE DRAGONHEAD

Virginica. Adds a bright touch of color to the Mid-summer border. Spikes of bright pink. A dependable strong grower. 2½ ft. Each 25c, per three 60c, per ten \$1.50.

"Vivid". A fine, semi-dwarf. Full spikes of deep rose at their best in July. Highly recommended for the border. Each 25c, per three 60c, per ten \$1.50.

Liatris, September Glory

PAPAVER

ORIENTALE POPPIES

These glorious flowers provide a rich show of color in the early summer. As Poppies should be planted when they are dormant we are accepting orders for Fall delivery only.

"Beauty of Livermore". One of the best deep reds. Each 30c, per three 75c, per ten \$2.00.

"Cavalier". One of Dr. Neeley's finest. Crinkled petals of luminous scarlet. Each 35c, per three 90c, per ten \$2.50.

"Jeanne Mawson". A sparkling geranium pink. Each 30c, per three 75c, per ten \$2.00.

"Joyce". Bright cherry red flowers of medium size. Each 25c, per three 60c, per ten \$1.50.

"Lord Lambourne". Large orange scarlet fringed petals. Each 30c, per three 75c, per ten \$2.00.

"Lulu A. Neeley". A grand blood red giant. Each 35c, per three 90c, per ten \$2.50.

"May Sadler". Bright salmon pink of rugged habit. Each 30c, per three 75c, per ten \$2.00.

"Neeley's Pink Splendor". Vivid rose pink flowers of extra size. One of the finest. Each 30c, per three 75c, per ten \$2.00.

"Perry's White". The popular favorite. Pearl white flowers with maroon throat. Each 30c, per three 75c, per ten \$2.00.

"Purity". A soft apricot pink without any dark markings. Each 30c, per three 75c, per ten \$2.00.

"Sass Pink". An unusual shade of light pink handsomely marked in the throat with maroon. Each 30c, per three 75c, per ten \$2.00.

Collection 10: One Each of the 11 Poppies, only \$2.75. Fall delivery only.

For Mid-Summer Show Use Phlox

PENTSTEMON

"Garnet". This recent introduction has merited all its praise for it provides a rich show of color over a long period during the summer. Large bell-shaped flowers of clear deep red on 15 in. stems. Each 30c, per three 75c, per ten \$2.00.

grandiflorus. A hardy large flowered variety blue tinted with pink. The light gray green foliage is always attractive. 3 ft. Each 25c, per three 60c, per ten \$1.50.

Huntington's "Shell Pink" Our origination which maintains its great popularity because of the La-France pink color of the Snapdragon-like flowers which are gracefully spaced on 3 ft. stems. A bouquet of "Shell Pink", "Bristol Fairy" Gypsophila and Delphiniums is exquisite. Each 30c, per three 75c, per ten \$2.00.

Huntington's "Coral Gem". Introduced at the same time as "Shell Pink" this companion is a deeper coral pink. Louise Beebe Wilder pays a nice tribute to them—"less well-known are the two exquisite forms of barbatas introduced by Ralph E. Huntington, 'Coral Gem' and 'Shell Pink' respectively, such lovely things!" Choice for cutting or the June garden. 30 inches. Each 30c, per three 75c, per ten \$2.00.

Torreyi. Tall graceful spikes filled with bright scarlet flowers from late June through August. Dazzling in the back border. 4 feet. Each 25c, per three 60c, per ten \$1.50.

Collection 11: One Each of the Five Pentstemons \$1.25.

PHLOX

TALL HARDY PHLOX

Phlox, with their bright array of gay colors, are indispensable in the mid-summer gardens.

"Africa". A dazzling deep scarlet.

"B. Compté". Large flower heads of rich Burgundy red.

"Daily Sketch". Magnificent large florets of rose pink with a crimson eye. Each 30c, per three 75c, per ten \$2.00.

"E. I. Farrington". A glowing rich salmon pink.

"Enchantress". A bright pink lightly mottled with mauve blue.

"Eva Foerster" A new giant flowered salmon rose with distinctive white eye. Each 40c, per three \$1.00.

"Flash". A brilliant flowered new variety. Bright carmine shaded in the center with orange-scarlet. Each 40c, per three \$1.00.

"Jules Sandeau". A lovely watermelon pink.

"Leo Schlageter". Large florets of brilliant scarlet. The finest red Phlox. Each 30c, per three 75c, per ten \$2.00.

"Lillian". Bright cameo pink delicately marked with lavender in the center. A favorite. Each 30c, per three 75c, per ten \$2.00.

"Miss Lingard". The popular early bloomer with waxy white flowers faintly shaded in the eye with rose.

"Progress". A new blue colored variety. Extra large flower heads of deep blue handsomely marked with a light center. The best in its color class. Each 50c, per three \$1.25.

Phlox, Continued

"Von Lassburg". Large pearl white flowers. Tall and graceful.

"Widar". Deep lavender mottled with white.

Unless otherwise noted all Phlox are: Each 25c, per three 60c, per ten \$1.75.

Collection 12: Ten different Phlox, our choice, \$2.00.

Dwarf Phlox

Amoena. A low species about 6 in. high covered in the Spring with a mass of large bright pink flowers. Compact, deep green foliage. Each 25c, per three 60c, per ten \$1.50.

Divaricata canadensis. Our native Wild Sweet William. Large lavender blooms on wiry 6-in. stems. Splendid for the shady part of the rock garden and a colony of them in the cool border makes an impressive picture in May and June. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

Ovata caroliniana. A choice native of the mountains of Carolina. Mats of oval-shaped leathery leaves. The large flower heads are a rich rose color. Recommended. 6 in. Each 30c, per three 75c, per ten \$2.00.

Setacea "Camla". This neat little English gem is one of the best of the Creeping Phlox. In May and June the compact deep green foliage is completely hidden by a mass of pure pink flowers. 8 in. Each 50c, per three \$1.25.

Subulata Sylvestris "Dixie Brilliant". A new, giant-flowered glowing red. Each 35c, per three 90c.

Subulata alba. A pretty creeper forming mats of dark green foliage covered in May with a profusion of waxy-white flowers. Each 25c, per three 60c, per ten \$1.50.

Subulata atropurpurea. A vivid carpet of rich Burgundy red. Strong growing. Each 25c, per three 60c, per ten \$1.50.

Subulata, "Blue Hills". A choice novelty being the best light blue yet introduced. Neat in habit. Each 30c, per three 75c, per ten \$2.00.

Subulata rosea major. An improved form with larger flowers of bright rose. Each 25c, per three 60c, per ten \$1.50.

Subulata, "Vivid". The finest of all. Neat compact clumps smothered with flowers of a clear rich pink. Each 30c, per three 75c, per ten \$2.00.

Collection 13: One Each of Six Subulata Phlox \$1.50.

PLUMBAGO

Larpentae. One of the finest edging plants in the list. It is especially valuable because it blooms in the late Summer. Tiny red-edged leaves of apple-green are a rich setting for the clusters of vivid cobalt blue flowers that come in August. 6 in. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

POLEMONIUM JACOB'S LADDER

Reptans Improved. A grand item for the border or rockery. The tidy 12-in. plant is a mass of rich Belladonna blue flowers in May. Will do well in the full sun and is highly recommended. Each 30c, per three 75c.

We have the Finest Double Painted Daisies

Primula, cortusoides

Pyrethrum, Miami Queen

PRIMULA

Auricula Choice Mixed. An Alpine gem with rosettes of gray-green leaves and highly fragrant flowers in many interesting shades such as lavender and gold, blue and yellow, mauve and maroon, bronze and gold. Highly desirable for the rockery. 8 in. May and June blooming. Each 30c, per three 75c.

Cashmeriana. A choice Alpine. One of the first to bloom in the Spring. Attractive foliage and large, dome-shaped clusters of rich lavender flowers. Appreciates a moist but well drained situation. Each 30c, per three 75c.

Cortusoides. A pretty Siberian variety with crinkled, lobed leaves in neat tufts. Clusters of rose pink flowers on wiry, 10 in. stems in June. Does well in a light, sunny position. Potted plants. Each 30c, per three 75c.

Heleniae. The most colorful and one of the easiest to grow of all Primulas. In late April and May the dwarf plants are covered with rich purple flowers. Each 35c, per three 90c.

Japonica. A May and June blooming variety with colorful flower-heads set in whorls on 15 in. stems. From bright red through pink to white. Mixed only. Each 30c, per three 75c.

Munstead Exhibition Mixed. A grand English strain of improved Polyanthus. Giant flowers with many new and unusual colors. Grown from seed of prize winning plants. Highly recommended. Each 30c, per three 75c, per ten \$2.00.

Veris, Choice Mixed. The old Polyanthus type of grandmother's garden with, of course, great improvements as to size and color range. Rich shades of pink, red, scarlet, apricot, yellow and gold. An edging of these is a beautiful sight in the Spring. 6 in. Each 25c, per three 60c, per ten \$1.50.

Vulgaris. The popular English variety. Large flowers of cream yellow on 6 in. stems in May. Each 30c, per three 75c.

Collection 14: One Each 8 Primulas \$2.00.

PULMONARIA

Angustifolia azurea. A rare beauty for the Alpine garden. In late April it is a mass of rich vivid blue. Similar to Mertensia but the color is more intense and does not fade. The foliage is particularly attractive, at all times being a deep green. Each 30c, per three 75c.

Rubra "Salmon Glory". One of the finest of the new introductions. Heavy light green foliage massed with glowing salmon flowers on 8 inch stems in mid-April. Each 35c, per three 90c.

PYRETHRUM PAINTED DAISIES

Pyrethrum plants start early and we recommend planting as early as possible. The first part of April is the best. No orders accepted after May 1st unless sent at your risk.

Huntington's Choice Singles. Not the ordinary type grown from seeds, but selected plants chosen for their size, richness of color and splendid blooming habits and grown from divisions. Extra large flowers in shades of scarlet, crimson, deep pink, rose, and white. Mixed only. Each 25c, per three 60c, per ten \$1.50.

Huntington's Selected Doubles. Each year we select the finest doubles from our seed trials and mix them in with our wonderful collection of double Pyrethrum. All plants are grown from divisions and are 100% doubles or unique large flowered semi-doubles. The colors range from ruby red to vivid rose and delicate pink and white. Many are frilled with crested centers and others are compact, tightly modeled. The finest double Painted Daisies. Each 30c, per three 75c, per ten \$2.00.

Famous Named Varieties

"Brilliant". Extra large semi-double flowers of rich rose pink crested with watermelon pink. Each 40c, per three \$1.00.

"Buckeye". The finest bright red double. Large flowers of perfect form. Each 40c, per three \$1.00.

"Cameo Pink". This delicate light pink crested variety is the first to bloom. Each 30c, per three 75c, per ten \$2.00.

"Carol Taylor". Our new introduction. Medium sized full double ball-shaped flowers in an exquisite shade of old rose. Distinct and most unusual. Each 40c, per three \$1.00.

"Dainty". A nicely shaped double in a bright cherry red. The crested center is the shade of crushed strawberries. Each 30c, per three 75c, per ten 2.00.

"Florence Shadley". The finest large flowered pink with an anemone-crested center. Resembles a California Sunshine Aster. Each 40c, per three \$1.00.

"Huntington's Scarlet". The finest single deep scarlet yet produced. There is no trace of magenta even under artificial light. The most brilliant colored of all. Each 40c, per three \$1.00, per ten \$2.50.

"Miami Queen". A large anemone-crested double with long guard petals of deep rose and a center tuft of dainty pink. Each 40c, per three \$1.00, per ten \$2.50.

"Pink Bouquet". A giant flowered double with outer ray petals of rose pink and a center crest of pure white. Each 40c, per three \$1.00.

"Rose Glory". A fine full double of glowing rose red brightly tipped with carmine. A profuse bloomer. Each 30c, per three 75c, per ten \$2.00.

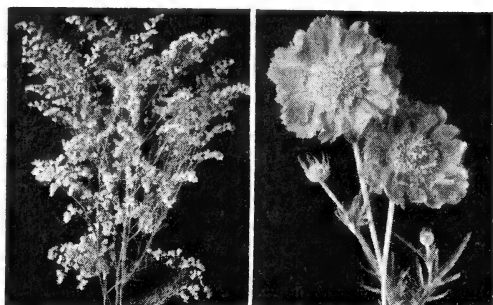

"Sylvia". A lovely appleblossom pink double of unusual form. The outer petals are large and open and the crested center is quilled. Each 40c, per three \$1.00.

"Trojan". A giant flowered light red semi-double of excellent form. The ray petals stand out straight and are in rich contrast to the deep pink center. Each 40c, per three \$1.00.

Collection 15: One Each of the 12 Named Pyrethrum, only \$3.50.

Fall delivery only, on named varieties.

Try Shasta Daisy Diener's Double Seedlings

Statice, Latifolia

Scabiosa, Goldengensis

ROSA

Rouletti. The charming miniature Rose from the Swiss Alps. A dwarf little bush about 8 in. high with tiny double flowers of light rose. Ideal for edging a formal or Rose garden or for the rockery. Each 30c, per three 75c, per ten \$2.25.

RUDBECKIA

Purpurea (Purple Coneflower). Large drooping petals of reddish purple with a remarkable cone-shaped center of brown with golden tints. Showy in the Midsummer border and cuts to advantage. 3 ft. Each 25c, per three 60c, per ten \$1.50.

SALVIA

BLUE SAGE

Azurea grandiflora. A native of the Rocky Mountains with tall spikes of Belladonna blue from July well into Autumn. A dependable, showy item. 5 ft. Each 25c, per three 60c, per ten \$1.50.

Pitcheri. A grand Gentian blue of fine form and habit. Blooms about the middle of July on 4-ft. stems bearing spikes that present a vivid display. A fine blue when blues are scarce in the garden. Each 30c, per three 75c, per ten \$2.00.

SAPONARIA

Ocymoides splendens. A pretty dwarf trailer which is ideal to plant among the rocks. Falls over the rocks in a cascade of rich pink flowers. Blooms in June. Each 25c, per three 60c, per ten \$1.50.

SCABIOSA

PINCUSHION FLOWER

Caucasica Lilac. One of the prettiest for the border or cutting. Large flowers with serrated petals surrounding a tufted center. A bright lilac blue. Held on slender 2-ft. stems blooming in June and July. Each 25c, per three 60c, per ten \$1.50.

Caucasica "Goldengensis". An improved strain of giant flowered deep blue. The individual flowers measure over 3 to 4 inches in diameter and are of perfect form. Each 30c, per three 75c.

Isaac House Choice Hybrids. A fine strain of extra large flowers in shades varying from deep blue to pale lavender many with bright amethyst tones. Rugged and free blooming. Each 30c, per three 75c, per ten \$2.00.

Fischeri. A recent introduction from Mongolia. The compact bushes are alive with color throughout the Summer. The medium sized double flowers are a sparkling lavender blue. Wiry, 18-in. stems make it a fine cut flower. Each 30c, per three 75c, per ten \$2.00.

SEDUM

Effective little dwarfs for color contrast in the rock garden. All are easy to grow and require little or no attention.

Acre (Golden Moss). Solid clumps of dark green. Yellow flowers.

Acre minor. A miniature form of above. Tidy and neat.

Album. Stocky tufts with white flowers.

Arborea. One of the most unusual. Resembles a tiny Colorado Blue Spruce. 6-in.

Ellencombianum. Flat rosettes of varnished dark green. Bright yellow flowers.

Ewersi. A Himalayan native. Stocky gray green rosettes. Clusters of pink flowers.

Glaucum. Forms a mat of blue green. Choice.

Ibericum. A fine trailer of brown green turning to a coppery red in the Autumn. Crimson flowers.

Kamtschaticum. Tufts of glossy dark green. Flat flower heads of orange yellow.

Lydium. Odd little tufts of sparkling green turning to crimson in the Fall.

Middendorffianum. One of the neatest and best of all. Clumps of slender green foliage changing to a bright scarlet in the Fall.

Reflexum Minor. Blue green foliage flecked with bronze.

Spectabile. An erect growing variety about a foot high. Fine for bedding or for edging. Flat large flower heads of bright pink. Gray green leaves.

Spectabile "Brilliant." Identical with the above except that the color is a rich rose. A grand bedding variety.

Any of above: Each 25c, per three 60c, per ten \$1.50

SHASTA DAISY

Alaska Improved. Extra large clear white Daisies in bloom from late June until August. Striking in the border and recommended for cutting. 2 ft. Each 25c, per three 60c, per ten \$1.50.

Diener's Double Seedlings. Grown from the select double strain. Will vary, showing magnificent full doubles of immense size, ruffled semi-doubles, and fringed giant singles. Plants sure to bloom. Each 30c, per three 75c, per ten \$2.00.

"Esther Reed" Unquestionably the most popular novelty introduced in recent years. The large pure white flowers are double and heavily crested, and are held on 18-in. upright stems. From June all thru the summer it adds charm to the border and provides a wealth of cutting material. Each 50c, per three \$1.25.

"White Swan". The double white Memorial Day Daisy. It is a prolific bloomer and the 2-ft. stems make it ideal for cutting. Each 25c, per three 60c, per ten \$1.50.

SIDALCEA

Rose Queen. A graceful, free flowering border plant. Clusters of bright rose flowers on stately 2-ft. stems. Blooms from July well into the Summer. Attractive foliage. Each 25c, per three 60c, per ten \$1.50.

The reason our plants reach you with that "fresh-dug" appearance is that we carefully clean each plant before our expert packers safely wrap them in clean excelsior and plenty of sphagnum moss.

The English Tradescantias are Beautiful

SPIREA

Filipendula flore pleno. One of the finest and most satisfactory plants for the perennial border. Fern-like deep green foliage which is always attractive, and fluffy pure white flower heads made up of delicate double florets on 18-in. stems from June until August. Highly recommended. Each 30c, per three 75c, per ten \$2.00.

STATICE

SEA LAVENDER

Latifolia. A profusion of minute lacy lavender flowers. Bright in the border and a wonderful filler for Summer bouquets. The flowers will dry to color for Winter bouquets also. 2-ft. Each 25c, per three 60c, per ten \$1.50.

STOKESIA

STOKE'S ASTER

Cyanea Blue. Large, ragged, Aster-like flowers of rich blue tinged with lavender. Blooms in July. Fine for cutting. 2-ft. Each 25c, per three 60c, per ten \$1.50.

"Blue Moon". A giant light blue suffused with silvery lilac in the center. A new selection of the laevis type. A glorious show in the mid-summer garden and this improved Stoke's Aster makes a supreme cut flower. Each 30c, per three 75c, per ten \$2.00.

SWEET WILLIAM

"Newport Pink". The most popular color, a clear rich pink. Ideal for the early summer border. Each 25c, per three 60c, per ten \$1.50.

TEUCRIUM

Chamaedrys. A pretty dwarf evergreen plant with dark green varnished foliage. Recommended as an edging plant, taking the place of Boxwood. Can be trimmed and makes a neat low hedge. Short flower spikes of rose. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

THALICTRUM

Glaucum. A recommended subject for the perennial border. Very attractive, lacy blue gray foliage. In late June and July slender 4-ft. stems bear fluffy Chinese yellow flowers. Each 25c, per three 60c, per ten \$1.50.

THERMOPSIS

Caroliniana. A stately variety for the border with flower spikes that resemble yellow Lupines. June and July blooming. 5-ft. Each 30c, per three 75c, per ten \$2.00.

THYMUS

Citriodorus (Lemon-scented Thyme). Bushy, semi-dwarf plants fine for edging. Delightful lemon fragrance. In June it is a mass of lavender flower spikes. 12-in. Each 30c, per three 75c.

Serpyllifolium coccinea. The popular Thyme so widely used in rock gardens. Mats of dark green hidden by a blanket of bright red flowers in the early Summer. 3-in. Each 25c, per three 60c, per ten \$1.50.

TIARELLA

FOAM FLOWER

Cordifolia. A charming native with short spikes of foamy, star-like flowers on 6-in. stems in May. Low clusters of broad bronze green leaves. A beauty for a shady nook in the garden. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

TRADESCANTIA

The following choice named varieties were originated in England and imported into this country. In cooperation with the Division of Plant Exploration and Introduction we take pleasure in offering them. Tested on our Nursery they have thrived and have bloomed profusely from June well into September.

"Blue Stone". A low growing variety with flowers of rich blue. Each 30c, per three 75c, per ten \$2.00.

"Purple Dome." Large, vigorous plants with clusters of bright purple flowers. Each 30c, per three 75c, per ten \$2.00.

"Iris Prichard". A delicate mauve white daintily ribbed with lavender. Touches of gold in the center. Each 30c, per three 75c.

TRITOMA

RED HOT POKER

Pfitzeri. The recognized variety for bright color in the late summer garden. Heavy tassle-like spikes of glowing orange red on 3-ft. stems. A unique cut flower. Each 30c, per three 75c, per ten \$2.00

TROLLIUS

GLOBE FLOWER

Caucasicus. The old but extremely rare Caucasian Globe Flower. Extra large ball-shaped flowers of bright yellow on 2-ft. stems in May. Each 35c, per three 90c.

Europeus "Orange Queen." A select strain of large flowered rich orange. An early bloomer showing in late April and in full glory during May. Also blooms again in the Fall. Each 35c, per three 90c.

Europaeus. The giant European Globe Flower. Perfectly formed flowers of bright golden yellow. A stout, sturdy grower blooming in May and June. Give it a partially shaded place in the border and it will make a bold show. Attractive, finely serrated foliage. 18-in. Each 25c, per three 60c, ten \$1.50.

Ledebouri. Large open flowers of brilliant orange. Blooms about a week later than T. europaeus. A sparkling rich color. Fine for cutting. Neat, attractive foliage. 18-in. Each 30c, per three 75c, per ten \$2.00.

Ledebouri, "Golden Queen". A fine English introduction. Extra large flowers of glowing golden orange. Semi-double with extra rays in the center of the blossom adding to its beauty. Blooms profusely in May and in many cases will flower again in the Fall. Highly recommended. Each 35c, per three 80c.

VINCA

HARDY MYRTLE

Minor. One of the best subjects for carpeting the ground under the shade of trees, for edgings in front of shrubby plantings or for beds. Low creeping evergreen foliage dotted with bright purple blue flowers. Each 25c, per three 60c, per ten \$1.50, per hundred \$12.00.

Violas are Gay and Colorful

VERONICA

This group has long been distinguished for its part in adding color and charm to the rockery and border. A generous use of Veronicas will give a succession of colorful bloom from Spring until Fall.

Blue Spire. A grand new Summer blooming novelty. The rich blue of the *Longifolia subsessilis* combined with the bushy habit of the *Spicata* type. A showy variety for the border. 2-ft. Each 30c, per three 75c, per ten \$2.00.

Erica. Heather-like spikes of light rose pink about 6-in. high over neat tufts of dark green foliage. Very pretty in June among the rocks. Its compact habit makes it a desirable edging plant. Each 25c, per three 60c, per ten \$1.50.

Incana. Tufts of frosted silver leaves with short spikes of royal blue in rich contrast to the foliage. Blooming in July it makes an impressive edging for garden paths. 6-in. Each 25c, per three 60c, per ten \$1.50.

Longifolia subsessilis. One of the true aristocrats for the perennial border. Heavy spikes of intense rich blue on 2-ft. stems. It is a glorious show from August well into the Autumn. Each 30c, per three 75c, per ten \$2.00.

Rupestis. One of the best for the rockery. Mats of deep foliage completely hidden in early June by a bright sheet of blue flowers. 3-in. Each 25c, per three 60c, per ten \$1.50.

Rupestis, "Royal Blue." A beautiful compact carpet of glorious rich blue. A tidy creeper that will add a vivid spot of color to the rock garden. Blooms about a week earlier. 2-in. Each 30c, per three 75c, per ten \$2.00.

True Blue. A fine Irish novelty. Compact, semi-dwarf bushes that are a mass of deep bright blue in June and July. Makes a brilliant display in the low border and can be used effectively as a hedge. 12-in. Each 25c, per three 60c, per ten \$1.50.

Collection 16: One each of the Veronicas \$1.50

VIOLA

The following Violas are hardy, free-flowering, extravagantly rich in color, and are constantly in bloom from late April until frost. Invaluable in the rockery, they also add charm and brightness when planted along a garden path.

"Blue Perfection". Large flowers of bright steel blue. Each 25c, per three 60c, per ten \$1.50.

"Jersey Gem". The ever-popular compact beauty of deep bright blue. Each 25c, per three 60c, per ten \$1.50.

"Chantreyland". The improved rich apricot. Each 25c, per three 60c, per ten \$1.50.

"Purple Glory." The aristocrat of Violas. Immense glowing purple flowers from June until the snow flies. Compact and neat in habit. Each 35c, per three 80c.

"White Perfection". A carpet of pure white. Each 25c, per three 60c, per ten \$1.50.

"Yellow Queen". Clear rich yellow. Each 25c, per three 60c, per ten \$1.50.

"Scotch Border Select". Grown from a choice English strain. A wide range of colors with many unusual bicolor combinations. Each 25c, per three 60c, per ten \$1.50.

Collection 17: One each of the 7 Violas—only \$1.50.

VIOLETS

Double Russian. A splendid novelty with dainty double rich purple flowers. A deep sweet fragrance. Does well in partial shade and makes a choice flower for small bouquets. Each 35c, per three 80c, per ten \$2.25.

"Princess of Wales". A lovely, sweet-scented deep purple. Handsome, dark green foliage. A bed of these in the partially shaded section of the garden will pay extra dividends in beauty. Each 25c, per three 60c, per ten \$1.50.

Rosina. The choice rose pink, sweet-scented Violet. A profuse bloomer. Recommended for dainty bouquets. Each 35c, per three 80c.

Interesting Facts About Huntington's Nursery

SITUATED in the heart of the largest nursery district in America we have the opportunity to observe and develop the latest and best of all plant introductions.

We pride ourselves on the fact that every order of plants or seeds is personally handled by a member of our organization whose first desire is your complete satisfaction.

All plant orders are freshly dug from the field and sent to you the same day the order is received unless you state when you wish the plants shipped. The careful and prompt handling of plants assures you of receiving them in first class condition.

All plant orders are shipped via Express unless 10% is added to the order to cover cost of postage. Several years ago we inaugurated the idea of sending gratis plants to cover transportation charges. We make it a policy to add extra plants so that their value will more than pay for the express or postage charge.

Well grown, healthy plants that have been carefully graded to a high standard are not a luxury. They represent the finest type of garden economy. A comparison of our prices and the quality of the stock we send out will convince you that a "Huntington Garden" is real economy.

Distinctive New Annual Seeds And 1942 All-American Novelties

Antirrhinum "Amber and Gold"

A mass planting of "Amber and Gold" makes an immediate impression. Uniform in habit, it glistens with a pleasing suffusion of pastel colorings. 18 inches. Pkt. 20c, Tr. Pkt. 50c.

Aster "Princess Bonnie"

A new cut-flower type with a crested, powder-puff-like center. A lustrous color of soft salmon rose with center of rich gold. Nearly 100% wilt resistant. Pkt. 25c.

Cleome "Pink Queen"

A Silver Medal A. A. S. Huge heads of delightful and refreshing pink on well branched tall airy foliage from June until frost. Pkt. 25c, Tr. Pkt. 65c.

Cosmos Double Sensation "Pink Lady"

A new selection of the peerless double type. Produces two forms of double flowers; the fluted type and the improved heavy crested. This rich pink, and its new companion, "White Cloud," are highly recommended. Pkt. 25c, Tr. Pkt. 65c.

Cosmos "Yellow Flare"

A 1942 A. A. S. Silver Medal for its rich compelling yellow color. Similar in form to the old favorite, the Gold Medal "Orange Flare." Pkt. 25c.

Dimorphotheca New Double Hybrids

This double crested strain of African Daisies is one of the outstanding novelties of the year. A color range from deep salmon orange to white in flowers over 1½ inches across with heavy crested centers. Pkt. 25c, Tr. Pkt. 65c.

Helianthus "Sun Gold"

This new strain of double Sunflower is dramatic and striking in beauty. Brilliant golden yellow double flowers, 4 to 5 inches in diameter, give a vivid splash of color in mid-summer. Pkt. 15c, Tr. Pkt. 40c.

Larkspur "Lilac King"

A new color in the Giant Imperial Group. Will be enthusiastically greeted for its fine rich clear lilac shade. Pkt. 20c, Tr. Pkt. 50c.

Marigold "Yellowstone"

This magnificent Mission Giant is a 1942 All-America Winner. Huge flowers resembling an incurved Chrysanthemum of a lovely clear golden yellow. Pkt. 25c, Tr. Pkt. 65c.

Marigold "Butterball"

This dwarf French Marigold won a 1942 A.A.S. Bronze Medal. It is an exquisite jewel which bears dozens of flowers of a soft butter yellow, each daintily tipped with maroon. Especially compact and neat. Pkt. 25c, Tr. Pkt. 65c.

Marigold "Melody"

An All-America Bronze Medal to this Dwarf French Marigold. The uniform twelve inch plants are literally covered with golden yellow crested flowers. Pkt. 25c, Tr. Pkt. 65c.

Morning Glory "Pearly Gates"

This beautiful white Morning Glory is the top-ranking 1942 Silver Medal A.A.S. For a patriotic touch plant "Pearly Gates," "Heavenly Blue," and "Scarlett O'Hara"—a glorious show of red, white, and blue. Pkt. 25c, Tr. Pkt. 65c.

Nierembergia "Purple Robe"

This charming dwarf is a Bronze Medal Winner in the 1942 A.A.S. A gem for the rock wall or for edging, forming six inch clumps filled with cup-shaped flowers of deep violet purple. Pkt. 25c, Tr. Pkt. 70c.

Petunia "Glamour"

This Giant of California is an All-America Winner. Huge, heavily ruffled blossoms of a luscious shade of salmon rose with a creamy open throat delicately veined. Pkt. 50c.

Phlox Gigantea "Red Glory"

Another new color in the Gigantea type to win All-America recognition. A red of unbelievable sharpness with a large cream-white eye. A grand companion to "Salmon Glory" and "Rosy-Morn." Pkt. 25c, Tr. Pkt. 65c.

Salpiglossis "Golden Rose"

A new attractive color in the Dwarf Large Flowered Type. It has a deep velvet rose base color with veinings of golden yellow. Pkt. 20c, Tr. Pkt. 50c.

Verbena "Spitfire"

A grand addition to the Giant Flowered Hybrids. Large heads of sparkling brilliant scarlet. Defiant and bold in its clearness. Pkt. 25c, Tr. Pkt. 65c.

Zinnia "Royal Purple"

This new Giant Dahlia Flowered Zinnia was awarded high recognition in the 1942 A.A.S. Extra large flowers of deep rich Royal Purple. Extra large flowers of perfect form. Pkt. 25c, Tr. Pkt. 65c.

Indian Squaw. Multi-colored kernels on large, well-shaped ears. Most attractive for decorations, especially when used with Gourds. Pkt. 10c, Oz. 25c.

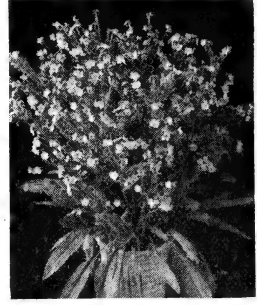

Cosmos "Orange Ruffles" is a New Introduction

Cleome, Pink Queen

Cosmos, White Cloud

Cynoglossum, Firmament

COSMOS

One of the best of the Midsummer and early Fall flowering annuals. Sow outside in late April and May.

New Sensation Type

- Double "Pink Lady."** A new offering of great merit as a cut flower. Fluted and crested flowers 4 to 5 inches in diameter in a bright pink color. Pkt. 25c, Tr. Pkt. 65c.
- Double "White Cloud."** A beautiful soft velvet white. This novelty and "Pink Lady" will come about 65% true which is unusually high for double Cosmos. Pkt. 25c, Tr. Pkt. 65c.
- Double Sensation Mixed.** Extra large double flowers in shades of pink, red, and white. 5 ft. Pkt. 15c, Tr. Pkt. 40c.
- Sensation "Cardinal."** The new red shade developed in this superior strain of giant singles. Pkt. 15c, Tr. Pkt. 40c.
- Sensation "Pinkie."** Delightful rose pink. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.
- Sensation "Purity."** A glistening white. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.
- Sensation Mixed.** An A.A.S. Award of Merit. Improved giant singles. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.

Klondyke Type

- A free blooming type for the garden with airy serrated foliage and long wiry stems. 3 to 4 feet.
- Yellow Flare.** The new Silver Medal A.A.S. A rich compelling butter yellow, which harmonizes beautifully with other flowers. 3 ft. Pkt. 25c.
- Orange Flare.** The ever popular Gold Medal Winner. A profusion of gayly colored flowers. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.
- Orange Ruffles.** A new semi-double strain. Pretty ruffled flowers in a vivid golden orange. 3 ft. Pkt. 20c, Tr. Pkt. 50c.

CYNOGLOSSUM CHINESE FORGET-ME-NOT

- "Firmament."** An All-America Bronze Medal in 1939. Bushy, compact plants 18 in. high, covered with vivid blue flowers. Attractive in the garden and makes a nice cut flower. Pkt. 15c, Tr. Pkt. 35c.
- Amabile, "Blue Bird."** Lustrous cadet-blue flowers of extra size on graceful long stems. An improved type. Pkt. 10c, Tr. Pkt. 25c.
- Amabile, Pink.** An English novelty of merit. Sprays of rich pink flowers. Pkt. 10c, Tr. Pkt. 25c.

CUPHEA

Sow inside in boxes during March, or in a cold frame in late April.

"Firefly." A neat, compact plant covered with fiery cerise flowers. Unusual for bedding, the rockery, or edging. 10 in. Pkt. 20c, Tr. Pkt. 50c.

DAHLIA

- Of easy culture when sown inside in early March, or start in a coldframe the first of April.
- Coltness Hybrids.** A charming dwarf single variety for bedding or cutting. Varied and brilliant colors. 18 in. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.
- Unwin's Ideal Dwarf.** Choice miniature double and semi-double flowers in a wide range of rich colors. Bushy, compact plants, fine for bedding. 18 in. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 60c.

DIANTHUS

Beautiful Garden Pinks

Cheerful, gayly colored flowers with a spicy fragrance. Grand for cutting and they add charm and brightness to the garden. Sow outside in late April.

Double Japanese Pinks

- Fireball.** Rich crimson.
- Lucifer.** Fringed orange scarlet.
- Pink Beauty.** Frilled bright pink.
- Salmon King.** Ruffled salmon rose.
- Snow Ball.** Large, laciniated white.
- Marvelous Mixed.** A remarkable strain of large doubles.

Any of above:
Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 30c

Single Japanese Pinks

- Laciniatus splendens.** An A.A.S. in 1935. Brilliant crimson edged with white.
- Queen of Holland.** Finest pearl color.
- Salmon Queen.** Frilled rich salmon.

Any of above:
Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 30c

Chinensis Double Mixed. The lovely China Pinks, forming large clusters of showy, double flowers on 20 in. stems. Pkt. 10c, 1/4 oz. 25c.

Collection 29: Packet each of "Fireball," "Salmon King," "Laciniatus Splendens" and "Queen of Holland"—only 30c.

DIDISCUS

BLUE LACE FLOWER

- Sow outside in April or May
- Caeruleus.** Large, lace-like flowers of light blue. Unequaled for Summer bouquets. 2 1/2 ft. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

London Market is the Finest Gypsophila

DIMORPHOTHECA

STAR OF THE VELDT

Sow outside in May. Will bloom all Summer in a sunny situation.

Choice Hybrids. These glorious African Daisies are greatly improved. Bright shades from saffron yellow to deep orange. Pkt. 10c, Tr. Pkt., 20c, 1/8 oz. 30c.

New Double Hybrids Mixed. This new double crested African Daisy forms a plant 14 inches in diameter and grows about 8 in. tall. The individual flowers average 1 3/4 inches and have a 1 inch crested center. From deep orange to white with many lemon and buff shades. Pkt. 25c, Tr. Pkt. 65c.

ESCHSCHOLTZIA

CALIFORNIA POPPY

Easily grown from May sown seed. As they resent being transplanted sow where they are to bloom.

Alba Reselected. Large pure white.

Aurantiaca. The rich orange true California Poppy. A. M., R. H. S.

Golden West. Orange and yellow.

Orange Flame. Vivid orange scarlet.

Scarlet-Beauty. Glowing scarlet.

Brilliant Mixed. A special mixture.

Hybrida Dwarf Erect. A splendid mixture of rich shades for bright patches of color in the garden.

Any of above:

Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 35c

Ramona Strain Mixed. A unique strain of special brightness with frilled and incurved petals. Dwarf and compact. Pkt. 15c, Tr. Pkt. 35c, 1/4 oz. 50c.

New Double Varieties

Carmine Queen. Rich carmine shaded with crimson.

Enchantress. Tyrian rose blended with creamy white.

Golden Glory. Gay golden yellow.

Robert Gardiner. Crinkled petals of bright orange and gold.

Any of above:

HELIANTHUS

Easy to grow. Sow outside in May.

"Sun Gold." Dramatic and striking in beauty, this new double Sunflower has brilliant golden yellow blooms 4 to 5 inches in diameter on 4 ft. plants. For a vivid splash of color in mid-summer try this new novelty. Pkt. 15c, 1/2 oz. 35c, 1 oz. 60c.

Gourds and Corn

Helianthus, Sun Gold

Larkspur "Pink King" is New

HELICHRYSUM STRAWFLOWER

Sow outside in April or May.

Giant Double Mixed. The popular Everlasting in a wide range of clear colors. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

HELIOTROPE

Sow inside in March or outside in May.

Finest Mixed. Lavender shaded fragrant flowers. 15 in. Pkt. 10c, Tr. Pkt. 20c, 1/8 oz. 35c.

HOLLYHOCK

This new novelty can be sown outside in early April. Will bloom within five months.

"Indian Spring." Silver Medal, 1939 A.A.S. A large, semi-double in shades running from pale pink to crimson rose. 5 ft. Pkt. 20c, Tr. Pkt. 50c, 1/4 oz. \$1.00.

HUNNEMANNIA SANTA BARBARA POPPY

Sow outside in late April where they are to bloom.

"Sunlite." A semi-double golden yellow. Attractive foliage. 2 ft. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

IONOPSIDIUM

Sow inside in March or in a coldframe in April.

Acaule. A charming miniature covered with white flowers marked with violet. Recommended for pot culture and for edging. 3 in. Pkt. 20c, Tr. Pkt. 50c.

LEPTOSIPHON

Sow outside in May.

New French Hybrids. Colorful miniature flowers on dwarf plants. 4 in. Pkt. 15c, Tr. Pkt. 35c.

LEPTOSYNE

Easy and quick from seed. Sow outside in May.

"Golden Rosette." A new extra large, double golden yellow. 18 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

LEUCOCORYNE GLORY OF THE SUN

Ixioides odorata. Rich striking blue with white eye. Clusters of eight and ten florets at the end of each stem. A beautiful bedding variety and is also delicately fragrant as a cut flower. Pkt. 25c, Tr. Pkt. 65c.

LOBELIA

One of the prettiest dwarf plants for edging window-boxes, or for rich spots of color in the low border. Sow inside in March or in a cold-frame in April.

"Blue Stone." Neat, compact plants of lustrous blue. 4 in. Pkt. 15c, Tr. Pkt. 35c.

"Crystal Palace." Dwarf tufts covered with vivid deep blue flowers. 4 in. Pkt. 10c, Tr. Pkt. 25c.

Hybrida Sapphire. A semi-trailer recommended for window boxes. Rich blue with a white eye. Pkt. 15c, Tr. Pkt. 40c.

Dwarf Compact Mixed. From deep indigo blue to white. Pkt. 10c, Tr. Pkt. 25c.

LINARIA

MINIATURE SNAPDRAGONS

Sow inside in March or outside in mid-April.

"Fairy Bouquet." Winner of A.A.S. Gold Medal. Free flowering dwarf with Snaplike blooms of pastel shades. 8 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

Moroccana Hybrids. Dainty flowers in a splendid mixture of rich colors blending to ash shades. 1 ft. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.

LARKSPUR

Larkspur seed germinates better in cool weather and we recommend that you sow it as early in the Spring as possible. Seed sown in the late Fall or broadcast in the garden during February or March will do well. April and May sown seed should be chilled before sowing.

New Introductions

"Grandee." A vivid carmine Double Stock Flowered type of extra size and quality. Pkt. 15c, Tr. Pkt. 35c.

"Empress Shell Pink." A new half-dwarf strain, 3 ft. high of bushy growth. Sturdy enough to carry the heavy masses of deep shell pink spikes. Pkt. 20c, Tr. Pkt. 50c.

"Lilac King." The new Imperial Giant. Broad, wavy-edged petals of a fine clear lilac on straight 24 in. spikes. Robust and free flowering. Pkt. 20c, Tr. Pkt. 50c.

"Pink King." A soft yet vibrant shade of salmon rose. The tall 5 ft. Imperial type with the well-known Hollyhock-like cutting spikes. Pkt. 20c, Tr. Pkt. 50c.

"Tempest." This rich mid-blue is a welcomed new color in the Double Stock Flowered group. Pkt. 15c, Tr. Pkt. 35c.

Collection 31: A Packet Each of Larkspur Novelties 60c.

Giant Imperial Type

Basal branching with long spikes similar to the double perennial Delphiniums. Supreme as a cut flower. 4 ft.

"Blue Bell." Light blue.

"Blue Spire." Oxford blue.

"Carmine King." Carmine.

"Coral King." Coral pink.

"Daintiness." Lavender.

"Exquisite." Soft salmon.

"Lilac Spire." Clear lilac.

"Miss California." Rose.

"Pink Perfection." Clear pink.

"White King." Pure white.

Imperial Mixed. Blended.

Any of above:

Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Collection 32: A packet of each of the Named Varieties—only 75c.

Double Stock Flowered

Long a favorite because of its beauty as a cut flower. Tall spikes of double flowers on erect, well branched stems. 3 feet.

Azure Blue

Dark Blue

Lilac Improved

Los Angeles

Rosamond

Scarlet Rose

White

Choice Mixed

Any of above:

Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Collection 33: A packet each of the 7 colors—only 50c.

LAVATERA

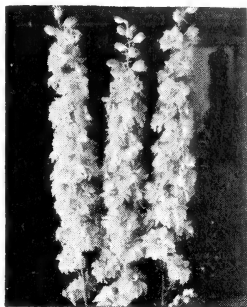

Sow outside in April or May.

Rosea Splendens. The Annual Mallow makes a bright display with its large, cup-shaped flowers of bright rose. 2 ft. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

All of the Finest Marigolds

Didiscus, Caeruleus

Larkspur, Imperial

Marigold, Butterball

LINUM

One of the easiest. Sow outside in April or May.

Crimson Flax. A brilliant show in the Summer garden. 2 ft. Pkt. 10c, 1/4 oz. 20c.

LUPINUS

Very easy from seed. Sow early in April outside. Will do well in partial shade.

"King Blue." Basal branching with four to six huge spikes of bright Oxford blue. 3 ft.

"King White." Improved white.

"King Mixed." A balanced mixture.

Any of above:

Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 35c.

MARIGOLD

We list the best of the newer introductions, representing the extraordinary progress made in perfecting new types and colors. For early bloom sow inside in March, but excellent results are obtained by sowing outside in May.

FRENCH MARIGOLDS

Butterball. The 1942 A.A.S. An exquisite little jewel with Harmony-type flowers of soft yellow daintily tipped with maroon. Remarkably early to bloom, it forms a plant 6 to 8 inches high. A uniform super dwarf strain. Pkt. 25c, Tr. Pkt. 65c.

Harmony. Crested type flowers of bright gold bordered with rich maroon. Compact ideal bedding plants. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.

Melody. Bronze Medal 1942 A.A.S. This Harmony-type is a pure golden yellow and the 12 to 15 inch high plants are literally covered with blossoms. Uniform, rather early, and a steady bloomer. Pkt. 25c, Tr. Pkt. 65c.

Spry. Silver Medal 1941 A.A.S. Extremely dwarf and compact. The 1 1/2 in. flowers have a bright yellow crested center surrounded by several rows of mahogany red guard petals. Choice for bedding, edging or pots. Pkt. 15c, Tr. Pkt. 40c.

Ferdinand. This is one of the gayest of the new tall French Marigolds. Saucy and colorful, the crested gold and rich maroon flowers are held on 2 ft. stems. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Harmony Hybrids. These represent the finest in dwarf strains. Golden orange, yellow to striped combinations of saffron and maroon. One of the earliest. 12 in. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.

Collection 35: One Each of the French Marigolds 85c.

New and Unusual African Marigolds

Gigantea "Double Orange." A new introduction. Full double orange. The largest and showiest. Pkt. 15c, Tr. Pkt. 35c.

Gigantea "Sunset Giants." Extra large, loosely formed, full centered flowers in a blend of rich tones from deep orange to delicate primrose. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c.

Gigantea Dwarf 'Pot O' Gold'

A dwarf counterpart of the Gigantea type 12 in. high. A mound of double 4 in. flowers in a rich deep golden orange. Pkt. 15c, Tr. Pkt. 40c.

Mission Giant "Goldsmith." A unique new type Bronze Medal A.A.S. winner. The 4 in. flowers of glowing orange are almost a perfect ball, similar to the incurved Mums shown in florists' windows at Thanksgiving time. Early to bloom. 18 in. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 50c.

Mission Giant "Yellowstone." The new A.A.S. rich yellow counterpart to "Goldsmith" although it blooms a little later. Pkt. 25c, Tr. Pkt. 65c.

"Guinea Gold Improved." This distinctive English variety won a Gold Medal in the 1933 A.A.S. Semi-double flowers of vivid orange gold. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

"Yellow Supreme." Awarded an A.A.S. Gold Medal. Fluffy Carnation-flowered, fragrant blossoms of rich lemon yellow. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 35c.

"Prince of Orange Improved." A full, tightly formed double of glowing orange. Recommended for cutting. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

"Lemon Queen Improved." Same as above, except color is a beautiful lemon yellow. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

Collection 34: Packet Each of African Marigolds \$1.00.

MARVEL-OF-PERU FOUR-O'CLOCKS

Tall Finest Mixed. A garden favorite with bushy, glossy foliage covered with brightly hued flowers. 2 1/2 ft. Pkt. 10c, Oz. 25c.

MESEMBRYANTHEMUM

Sow inside in March or outside in late April.

Criniflorum. The vivid and colorful Livingstone Daisy. A gem for the rockery. 4 in. Pkt. 15c, Tr. Pkt. 35c.

The Supreme Pansy "Oregon Giants"

MIGNONETTE

Very easy. Sow outside in May.

Machet Improved. Quaint fragrance. Pkt. 10c, 1/4 oz. 25c.

Old Fashioned Sweet-scented. Will bring back memories of old gardens. Pkt. 10c, Tr. Pkt. 25c.

Large Finest Mixed. A blended mixture of the largest delightfully scented flowers. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

MORNING-GLORIES

Do not sow until the soil is warm. Select a dry, sandy spot and sow where they are to bloom as they resent transplanting. Do not water too much as it will stimulate foliage growth at the expense of flowers.

"Pearly Gates." The top ranking 1942 A.A.S. The big satiny white flowers are cream shaded in the throat. Identical in form to "Heavenly Blue" and when grown in combination with it makes a delightful picture. Pkt. 25c, Tr. Pkt. 65c.

"Heavenly Blue." The famous Clarke's Early Strain. Unquestionably one of the loveliest shades of sky blue of any flower. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

"Scarlett O'Hara." An A.A.S. Gold Medal winner. Rosy crimson flowers, freely produced on fast growing vines. Pkt. 15c, Tr. Pkt. 40c.

NASTURTIUM

Easy from seed. Sow outside in May.

Double Glean Types

"Fiesta." New golden yellow blotched scarlet.

"Golden Glean." Gold Medal, A.A.S. Frilled, wrinkled petals of golden yellow.

"Scarlet Glean." A brilliant color.

"Orange Glean." Glowing orange.

"Glorious Glean Hybrids." An improved mixture.

Any of above: Pkt. 10c, Oz. 20c, 1/4 lb. 50c.

Collection 36: Packet Each Four Colors 25c.

Dwarf Double Gems

The flowers are similar to the Glean Type but the plants are much more compact, which makes them highly acceptable for bedding or edging. 10 inches.

"Golden Globe." An A.A.S. winner. Tiny plants covered with double golden yellow flowers. Pkt. 10c, Oz. 25c.

"Scarlet Empress." New deep scarlet. Dark foliage. Pkt. 10c, Oz. 30c.

Dwarf Gem Mixed. Unusual colors. Pkt. 10c, Oz. 20c, 1/4 lb. 50c.

Single Varieties

Dwarf Finest Mixed. A grand mixture. Pkt. 10c, Oz. 15c, 1/4 lb. 35c.

Tall Finest Mixed. For trailing on a fence or trellis. Pkt. 10c, Oz. 15c, 1/4 lb. 35c.

NEMESIA

Sow inside in March or outside in May

Nana Compacta "Triumph." A lovely dwarf bedding type in a glorious mixture of rich colors. 9 in. Pkt. 15c, Tr. Pkt. 40c.

NEMOPHILA

Sow outside in late April or May

Insignis. Baby Blue Eyes is recommended for bedding or edging. Cup-shaped flowers of blue with a dainty white eye. 8 in. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

NICOTIANA

FLOWERING TOBACCO

Sow outside in May

Affinis White. Tall, graceful stems filled with Petunia-like, fragrant white flowers. 3 ft. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Affinis Pink Shades. A new selection in pink tones. Pkt. 15c, Tr. Pkt. 35c.

"Crimson Bedder." A semi-dwarf of pyramidal habit. Rich crimson, trumpet-shaped flowers. 1 1/2 ft. Pkt. 15c, Tr. Pkt. 35c.

NIGELLA

Sow outside in May

Miss Jekyll Blue. Love-in-a-Mist is interesting in the garden with its Cornflower blue blossoms nestled in the feathery leaves. 1 1/2 ft. Pkt. 10c, 1/4 oz. 20c.

NIEREMBERGIA

DWARF CUP FLOWER

Sow inside in March or outside in May

Hippomanica. One of the most admired of the newer varieties. The shapely compact plants are covered with charming lavender flowers touched with gold in the center. Blooms within 15 weeks from seed and lasts until frost. 6 in. Pkt. 20c, Tr. Pkt. 50c.

Coerulea "Purple Robe." Bronze Medal 1942 A.A.S. Very dwarf cushion-like plants blanketed with cup-shaped flowers of violet blue. Blooms over a long period and is highly recommended for a sunny rock wall. Pkt. 25c, Tr. Pkt. 65c.

PANSY

We list the choice strains of the leading American and European hybridizers. Pansy seed is sown in August for early Spring bloom. They can be sown in the early Spring in coldframes for late May bloom. For quality blossoms use rich soil.

"Oregon Giants" (Ellis). Originator's seed of this marvelous American strain. Extra large, flat flowers, slightly ruffled in a gorgeous color display. Pkt. 25c, Tr. Pkt. 65c, 1/4 oz. \$1.00.

"Shakespeare's Pansies." A simple, quaint little gem suitable for any location in the garden. Gay, picturesque little faces reminiscent of the gardens of Olde England. Pkt. 35c.

Engelmann's Giant. A superb English strain of the Scottish Show type. Huge flowers in light and dark shades. Early blooming. Pkt. 25c, Tr. Pkt. 70c.

Roggli's Swiss Giants

"Alpen Glow." Rich cardinal.

"Lake of Thun." Deep blue.

"Mont Blanc." Pure white.

"Rhinegold." Yellow and brown.

"Yellow Master." Rich yellow.

Swiss Giants Mixed. Runs to rare and unusual shades. Any of above: Pkt. 20c, Tr. Pkt. 50c.

Collection 37: A packet each of the 5 Named Varieties — only 75c.

Early Flowering Pansies

Baby Delight. A new nana compacta type. Ideal for Spring. Dwarf plants with lovely light blue flowers, having waved petals. Suitable for rock-eries, blooming in 70 days. Pkt. 15c, Tr. Pkt. 40c.

Petunias for a Glorious Show

PETUNIA

Petunias have no equals in providing a gorgeous display of color from early Summer until late Fall. Seed can be started inside in February, in a cold-frame in March, and for later bloom they can be started outside in April and May. Petunia seed is fine and should be sown very carefully. It germinates easily if not sown too deep.

Giant Novelties

Alldouble "Victorious"

The finest strain of

100% double dwarf Petunias. Fancy fringed doubles in a marvelous range of bright colors. Highly recommended. Pkt. 40c, Tr. Pkt. \$1.00.

Giants of California "Glamour." A 1942 A.A.S. winner. Extra large salmon rose flowers with a white throat veined lightly with brown. Wavy fringed petals present a glorious show. 15 to 18 in. high. Pkt. 50c, Tr. Pkt. \$1.25.

Giants of California Supreme Mixed. A magnificent strain of large ruffled flowers in shades of rose and pink all beautifully veined. A supreme variety for cutting. 1½ ft. Pkt. 35c, Tr. Pkt. 90c.

Single Fringed Giants

Extra large, charmingly frilled 4 to 5 inch flowers. Perfectly suited for bedding purposes and are exquisite cut flowers.

Fluffy Ruffles. So prettily ruffled and fringed they resemble doubles. A special mixture of light shades.

Royal Purple. A glowing purple.

Scarlet Beauty. Scarlet and rose.

Theodosia. Bright rose, throat of deep gold.

White Beauty. Fringed white, delicately veined with apple green.

Fringed Mixed. All shades.

Any of above: Pkt. 20c, Tr. Pkt. 50c.

Collection 38: A packet each of the 5 Named Varieties — only 75c.

Large Flowered Bedding Types

Recommended for mass plantings and in large beds. 1½ feet.

Blue Bee. The same vivid blue as Viola "Jersey Gem." Pkt. 10c, Tr. Pkt. 25c, ⅓ oz. 40c.

Flaming Velvet. A Gold Medal A.A.S. A sparkling velvety crimson. Pkt. 15c, Tr. Pkt. 40c, ⅓ oz. 60c.

Hollywood Star. Winner of Silver Medal in 1939 A.A.S. This lovely novelty is a rich rose with an amber throat. Pkt. 20c, Tr. Pkt. 50c.

Howard's Star Improved. Lustrous purple marked in center with a white star. Pkt. 15c, Tr. Pkt. 40c.

Radiance Silver Medal 1941 A.A.S. A new Tyrian rose of rich brilliance. There is an underlying shade of salmon which intensifies the vividness of the flower. A small golden throat adds warmth to the color effect. Pkt. 15c, Tr. Pkt. 40c, ⅓ oz. 75c.

Topaz Rose. A fiery velvety rose, slightly suffused with gold. Special Mention, 1938 A.A.S. Pkt. 20c, Tr. Pkt. 50c.

White King. Large clear white. Pkt. 10c, Tr. Pkt. 25c, ⅓ oz. 40c.

Hybrida Finest Mixed. Made up of named varieties. Pkt. 10c, Tr. Pkt. 25c, ⅓ oz. 50c.

Collection 39 A packet each of the 7 Named Varieties — only 75c.

Dwarf Bedding Types

Heavenly Blue. A lovely silvery blue.

Rose of Heaven Improved. Clear rose pink.

Rosy Morn Improved. A select strain of this old favorite. Bright rose with white throat.

Snow Queen. The best of the dwarf whites.

Viola cea. A rich velvety purple.

Compacta Magnifica. A choice mixture.

Any of above: Pkt. 10c, Tr. Pkt. 25c.

Collection 40: A packet of each of the 5 varieties — only 40c.

New Novelty Dwarf Petunias

"Betsy Ross." A new ruffled beauty of uniform and compact habit. The large flowers are red and white blending to garnet in the throat. Pkt. 25c, Tr. Pkt. 70c.

"Glow" The ranking favorite in the 1940 A.A.S. winning a Silver Medal. A ball-shaped plant, literally covered with glowing rose-red blossoms. Pkt. 20c, Tr. Pkt. 50c.

"Martha Washington." A unique, frilled and ruffled extra dwarf. Blush white handsomely veined with wine red. Highly recommended by the Royal Horticultural Society. Pkt. 25c, Tr. Pkt. 65c.

"Salmon Supreme." An A.A.S. winner. A high ranking novelty. Vivid salmon, gently toned with a white throat. Pkt. 20c, Tr. Pkt. 50c.

"Velvet Ball." The new streamlined All America novelty. Round, compact plants hidden by flowers of a luscious shade of soft deep red. Pkt. 20c, Tr. Pkt. 50c.

Collection 41: A packet each of the 5 Novelties — only 75c.

Balcony Petunias

Showy and free flowering. Recommended for window or porch boxes or for sloping beds.

Cornflower Blue	Rose
Crimson	White
Royal Blue	Mixed

Any of above: Pkt. 15c, Tr. Pkt. 40c.

Collection 42: A packet each of the 5 colors — only 50c.

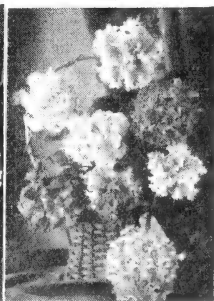

PENTSTEMON

Sow early inside for best results

Sensation Mixed. Large, Gloxinia-like flowers brilliantly colored and delicately edged with a contrasting shade. 2½ ft. Pkt. 15c, Tr. Pkt. 40c.

Petunia, Glamour

Petunia, Victorious

The New Dwarf Salpiglossis are Superb

PHLOX

GAY AND COLORFUL IN SUMMER GARDENS

Seed can be sown inside in March or outside in April or May with excellent results.

Drummondii. The waving heads of cheerful colored flowers reign supreme throughout the Summer. 1 ft.

Chamois Rose	Isabellina
Cinnabar Scarlet	White
Lilac	Mixed

Any of above: Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Collection 43: A packet each of the 5 colors — only 40c.

New Gigantea Phlox

Gigantea "Red Glory." A 1942 A.A.S. winner. The brightest color ever seen in Phlox, a brilliant red with large creamy white eye. A superb, uniform type of growth. Pkt. 25c, Tr. Pkt. 65c.

Gigantea "Rosy Morn." An A.A.S. Bronze Medal. All the splendid characteristics of the Gigantea type and the gay refreshing color combination of rose-pink and white. Pkt. 15c, Tr. Pkt. 40c.

Gigantea "Salmon Glory." This giant flowered pure salmon pink with cream white eye won a Silver Medal in the '39 A.A.S. As with all of the Gigantea type, when at their best, the individual florets will be as large as a half dollar. Pkt. 15c, Tr. Pkt. 40c.

Gigantea "Art Shades." Rare and unusual colors in a grand mixture. Gigantic flowers of perfect texture. Pkt. 15c, Tr. Pkt. 35c, 1/8 oz. 50c.

Dwarf "Cecily Strain." A reselected extra dwarf strain. The 6 in plants add a dash of color to beds or for informal edgings. Pkt. 15c, Tr. Pkt. 35c, 1/8 oz. 50c.

PHACELIA

Sow outside in May

Campanularia. The California Blue Bell is a charming dwarf topped with gentian blue flowers. Pkt. 10c, Tr. Pkt. 25c.

POPPIES

The Annual Poppies have a grace, a poise, a debonair charm that makes them so colorful and gay. They are so easy and require so little attention. For early bloom broadcast the seed outside in March. As they resent being transplanted it is well to sow right where you want them to bloom. Make repeated sowings for a succession of riotous color.

Single Shirley Poppies

American Legion. Dazzling scarlet.

Deep Apricot. Apricot pink.

The Bride. Artistic white.

Wild Rose. Appealing pink.

Single Mixed. All colors.

Any of above: Pkt. 10c, 1/4 oz. 25c.

Double Shirley Poppies

Art Shades. Huge Begonia-flowered doubles in rich shades.

Peony-flowered Mixed. Impressive size and color.

Sweet Briar. Brilliant cerise.

Rhyburgh Hybrids. Giant doubles.

Any of above: Pkt. 10c, 1/4 oz. 25c.

Collection 44: A packet each of the 9 Single and Double Poppies—only 50c.

PORTULACA

Sow outside in a sunny position after the soil is warm.

Single Giants Mixed. Forms a lovely floral carpet of gay colored flowers. 6 in. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Double Giants Mixed. Like miniature Roses in charming shades. A select strain of glorious doubles. Pkt. 15c, Tr. Pkt. 35c, 1/8 oz. 50c.

RICINUS

Zanzibariensis. The Castor Bean makes a tall, luxuriant growth of tropical splendor. 12 ft. Pkt. 10c, Oz. 20c.

SALPIGLOSSIS

PAINTED TONGUE

One of the most beautiful of all annuals. A grand cut flower. Sow inside in March or outside in May.

Emperor Strain. Velvety trumpet-shaped flowers in rich colors delicately veined with gold. 3 ft.

Light Blue	White
Purple	Velvety Red
Rose	Choice Mixed
Scarlet	

Any of above: Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

Collection 45: A Packet each of the 6 Colors only 40c.

New Dwarf Giants

A new strain of Salpiglossis developed for American gardens. The bushy plants are compact in habit and the 30 in. flowering stems are sturdy and erect, requiring no staking. New vigor has been included and they considerably surpass other sorts in size, lasting qualities, and color combinations.

"Blue and Silver." A new color blending. The deep blue is set off with handsome silver veins. At the base of the throat is a glistening spot of gold. Pkt. 15c, Tr. Pkt. 35c.

"Golden Yellow." A new introduction and a new color. A solid deep golden yellow, a true self color. Mammoth flowered of uniform neat habit. Pkt. 20c, Tr. Pkt. 50c.

"Golden Rose." Introduced for the first time. A deep velvety rose base color brightly veined with gold. The huge flowers measure better than 2 1/2 inches across. Pkt. 20c, Tr. Pkt. 50c.

"Red Star Chamois." As the name implies this new novelty is a light chamois with wide red stripes spreading star-like from a golden throat. Pkt. 15c, Tr. Pkt. 35c.

"Scarlet and Gold." One of the most vividly colored and will be appreciated by every gardener who enjoys the brilliant kaleidoscopic colorings of Salpiglossis. Pkt. 15c, Tr. Pkt. 35c.

"Velvety Crimson." A deep rich color of excellent texture. Pkt. 15c, Tr. Pkt. 35c.

"Velvety Violet." This new solid deep violet is perhaps the most uniform growing of all and is recommended for bedding work. There is a velvet sheen to the large flowers. Pkt. 15c, Tr. Pkt. 35c.

New Dwarf Giants Mixed. A splendid balanced mixture. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

Collection 46: Packet Each of the Named Giants 75c.

Use Plenty of Scabiosa for Cutting

SALVIA

SCARLET SAGE

Seed should be sown inside in early March and not transplanted outside until all danger of frost is past. May be sown outside in May for later bloom.

"Globe of Fire." A reselected dwarf strain. A brilliant bedding plant as it is compact and uniform and covered with fiery red flowers. 1½ ft. Pkt. 20c, Tr. Pkt. 50c, ⅛ oz. 75c.

Splendens. The popular favorite. Glowing scarlet. 3 ft. Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 75c.

Farinacea. Large spikes of bright blue. 3 ft. Pkt. 10c, Tr. Pkt. 25c, ⅛ oz. 40c.

Farinacea "Blue Bedder." A new compact rich mid-blue. Effective in the Summer borders. Award of Merit from the R.H.S. 2½ ft. Pkt. 15c, Tr. Pkt. 35c, ⅛ oz. 50c.

SANVITALIA

Easy from seed. Sow outside in May.

Procumbens Double. Forms masses of golden yellow flowers with a purple black center. Ideal for edging. 6 in. Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 75c.

SCABIOSA

MOURNING BRIDE

If started inside they will give a colorful show early in the Summer. For Midsummer bloom sow in May.

Newer Choice Doubles

"Blue Moon." A 1939 A.A.S. winner. A built-up flower resembling a mound of bright lavender blue. Long, wiry stems makes it ideal for cutting.

"Rosette." A glorious deep rose heavily suffused with salmon.

"Salmon Beauty." The first pure salmon. The result of years of careful breeding. Extra large doubles.

Giant-flowered Hybrids. Unrivalled mixture including new colors from experimental gardens. Extra large, ball-shaped flowers.

Any of above: Pkt. 15c, Tr. Pkt. 35c, ⅛ oz. 50c.

Collection 47: A packet each of 4 New Doubles—only 40c.

Large Flowered Doubles

Azure Fairy	Loveliness
Blue Cockade	Peach Blossom
Fire King	Shasta
King of Blacks	Choice Mixed

Any of above: Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 35c.

Collection 48: A packet each of 7 Named Varieties—only 50c.

SCHIZANTHUS

For best results sow inside early in the Spring.

Dr. Badger's Giants. The Butterfly Flower is a dainty, useful garden variety. Compact, 18 in. plants covered with brightly tinted flowers. Pkt. 15c, Tr. Pkt. 40c.

Excelsior. A semi-dwarf type with large flowers of rich shades accentuated by delicate markings. 10 in. Pkt. 15c, Tr. Pkt. 40c.

STATICE

Sinuata. A beautiful cut flower and one of the finest for dried Winter bouquets. 3 ft. **Kampf's Tall Blue, Rosea Superba or Choice Mixed.** Pkt. 10c, ¼ oz. 25c, Oz. 40c.

Bonduelli. Similar to the Sinuata type with handsome sprays of rich lemon yellow. Pkt. 10c, ¼ oz. 25c, Oz. 40c.

Suworowi. The attractive Russian Statice. Long, closely set spikes of bright rose. 2½ ft. Pkt. 15c, Tr. Pkt. 35c.

STOCKS

For brilliance of color, long duration of bloom, fragrance and stateliness in the garden, Stocks are unsurpassed. Sow inside in March or in a coldframe in mid-April. Place in a cool, well drained location in the garden.

Early Giant Imperial

Grand for gardens or for cutting. Branching, symmetrical plants about 30 inches high, with numerous spikes of large, double flowers.

Antique Copper	Golden Rose
Blood Red	Shasta
Buttercup	Lavender
Elk's Pride	Mixed

Any of above: Pkt. 15c, Tr. Pkt. 35c, ⅛ oz. 70c.

Collection 49: A packet each of the 7 colors—only 70c.

Giant Perfection

CUT-AND-COME-AGAIN

Recommended for cutting. Comes into bloom about 10 weeks after sowing. Fragrant double flowers in continuous succession. 1½ feet.

Brilliant. Blood red.

Creole. Canary yellow.

Heatham Beauty. Rose shaded terra cotta.

Queen of the Belgians. Pale violet.

Princess Alice. Clear white.

Select Mixed. Special blend.

Any of above: Pkt. 15c, Tr. Pkt. 40c, ⅛ oz. 80c.

Collection 50: A packet of each of the 5 Named Varieties — only 50c

SUNFLOWER

Double Chrysanthemum-flowered. A semi-dwarf strain with double golden yellow flowers. 3 ft. Pkt. 10c, Tr. Pkt. 20c, Oz. 40c.

Miniature Mixed. One of the best for cutting. Curiously twisted and curled petals in shades of orange and yellow. 5 ft. Pkt. 10c, Tr. Pkt. 20c, oz. 40c.

Russian Giants. Enormous flowers on 10-ft. stems. Will attract the birds. Oz. 10c.

Sutton's Red. Large red flowers tipped with orange. 6 ft. Pkt. 10c, Tr. Pkt. 20c, ½ oz. 50c.

SWEET PEAS

Tradition has it that St. Patrick's Day is the ideal time to sow Sweet Peas. Sow them in a trench about 6 inches deep. Cover the seed about a half inch. As the seedlings come along, fill in the trench gradually. The longer the root the better the flowers.

Early Spencer Mixed. A special blended mixture made up of named varieties. Recommended for greenhouse use or for outside sowing where the Spring is late. Pkt. 10c, ½ oz. 25c, oz. 40c, ¼ lb. \$1.25.

Late Spencer Mixed. A carefully balanced mixture. In Ohio and similar latitudes this is the seed to sow. A grand profusion of frilled and waved flowers in all colors. Pkt. 10c, oz. 20c, ¼ lb. 60c.

All seed in both annual and perennial varieties is extremely scarce this season, due to war and climatic conditions. Our high grade seeds cannot be replaced and we advise early orders.

Verbenas are Ideal Bedding Plants

TAGETES

MINIATURE MARIGOLD

"Little Giant." Neat tufts of fern-like foliage completely hidden by a myriad of small golden orange flowers. Ideal for edging. 6 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

TAHOKA DAISY

Blue Daisy. Large blue flowers with a golden center from early summer well into the Fall. Bushy, compact lacinated foliage. Fine for cutting. 20 in. Pkt. 15c, Tr. Pkt. 35c.

THUNBERGIA

BLACK-EYED-SUSAN VINE

Alata Mixed. A rapid growing vine covered with flowers in varying shades of yellow, orange and cream all marked with a purple black center. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

TITHONIA

FLOWER OF THE INCAS

Start seed indoors in March or in a coldframe in April. Do not set out until all danger of frost is past.

Speciosa "Fireball." A new vibrant scarlet orange with contrasting center of clear yellow. Towering 8-ft. plants add brilliance to the late Summer gardens. A glorious cut flower. Pkt. 20c, Tr. Pkt. 50c.

Speciosa Early Strain. Similar in color but the flowers are slightly smaller and comes into bloom 10 days earlier. 6 ft. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 35c.

TORENIA

Sow inside in March or outside in May.

Fournieri. A mass of sky-blue flowers with violet centers touched with gold. For bedding, edging, or pot culture. 1 ft. Pkt. 15c, Tr. Pkt. 35c.

URSINIA

JEWEL OF THE VELDT

Anethoides. A lovely South African native. Bright orange ringed in the center with royal purple. 10 in. Pkt. 15c, Tr. Pkt. 35c.

Pulchra. Forms a beautiful carpet of rich orange. Bushy, compact 6 in. plants. Unusual and recommended. Pkt. 15c, Tr. Pkt. 40c.

VENIDIUM

MONARCH OF THE VELDT

Fastuosum. A magnificent African Daisy. Large flowers of rich orange with center zone of purple. Woolly, serrated gray leaves. 2 1/2 ft. Pkt. 15c, Tr. Pkt. 35c.

Fastuosum Hybrids. A choice strain in rich shades of apricot, cream, salmon, and canary. 2 1/2 ft. Pkt. 15c, Tr. Pkt. 40c.

VIRGINIA STOCKS

FRENCH FORGET-ME-NOTS

When sown early outside they make a bright display between the Spring and Summer flowers. Make repeated sowings.

Choice Mixed. Gay colored flowers of red, rose, pink and white. 10 in. Pkt. 10c, 1/4 oz. 15c, oz. 35c.

Crimson Gem. A compact, rich crimson ideal for a low border around a rose garden. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 35c.

VERBENA

Sow inside in March or in a coldframe in April for best results.

New Introductions

Three new Giant Flowered Hybrids are presented this season with accompanying notes from Introducers descriptions.

"Annapolis Blue". The first true mid-blue, a husky grower with large trusses of 3 inch flowers. Its habit is spreading and the flowers stand semi-erect on 15 inch stems. Shades from light to dark mid-blue blending to a rich belladonna blue. Outstanding for the garden and is recommended for forcing. Pkt. 20c, Tr. Pkt. 50c.

"Roseglow". A decidedly unusual color — glowing deep rose shading to orange scarlet. The color is so luminous that each plant has the appearance of a small flat fountain of fire. Exceptionally free flowering. Pkt. 20c, Tr. Pkt. 50c.

"Spitfire". It is the personification of a Spitfire in action—radiating its defiance in deep scarlet-rose colors that are carried on mammoth 3 1/2 inch flowers. Vigorous and free flowering, it is one of the liveliest colors among Verbenas. Pkt. 20c, Tr. Pkt. 50c.

Collection 51: Packet each of the New Verbenas 50c.

Giant Flowered Hybrids

Rugged spreading plants ideal for bedding. The large flower trusses make very pretty bouquets. 10 inches.

"Beauty of Oxford Hybrids." Lovely shades of rich rose and pink. An A.A.S. winner.

"Brilliant." A new rich deep flame rose with medium white eye.

"Cerise Queen." Soft salmon.

"Etna." Garnet red with deep cream eye.

"Lavender Glory." True lavender with small white eye.

"Lucifer." A vivid full scarlet.

"Royale." A brilliant blue with creamy yellow eye.

"White Beauty." Glistening pure white.

Giant Mixed. A special blend of named varieties.

Any of above:

Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c

Collection 52: A packet each of the 8 Named varieties—only 50c.

New Dwarf Erect Types

A distinct type which stands compactly erect about 8 inches high. Highly recommended for edging and neat low beds. A prolific, cheery bloomer all Summer.

"Blue Sentinel." An A.A.S. winner in 1939. Rich royal blue of a velvety luster brightened with a white eye.

"Chamois." An unusual color of pale chamois, tinted with buff.

"Fireball." An extra dwarf brilliant scarlet.

"Violet Bouquet." The first and probably the prettiest to be introduced in this group. Deep violet with creamy eye.

Dwarf Erect Mixed. A special mixture of all colors.

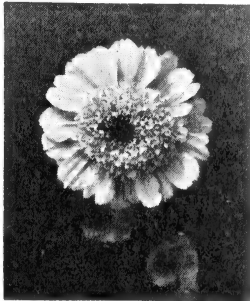

Any of above: Pkt. 15c, Tr. Pkt. 40c

Collection 53: A packet of each of the 4 Named Varieties—50c.

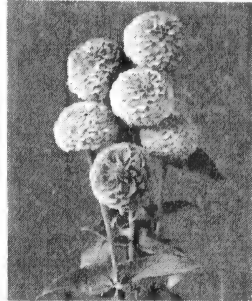

Gold Medal Strains of Zinnias

Giant Dahlia Flowered

Howard's Giants

Improved Lilliput

ZINNIA The Gold Medal Giant Dahlia Flowered

The flowers are extra large, 4 to 5 inches across, on well branched, 3-foot plants. The excellence of this strain won a Royal Horticultural Society's Gold Medal.

Canary Bird. Golden rich yellow.

Crimson Monarch. The largest.

Dream. Deep lavender.

El Dorado. Fascinating rose.

Exquisite. Immense light rose.

Golden Dawn. Deep bright gold.

Lemon Beauty. Pastel coffee and yellow.

Luminosa. Deep saymon pink.

Oriole. Orange and gold.

Polar Bear. Large pure white.

Purple Prince. Deep purple.

Will Rogers. New best scarlet.

Gold Medal Mixed. The finest.

Any of above:

Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c, oz. \$1.50

Collection 54: A packet each of the 12 Named Varieties—only 85c.

California Giants

The largest of all Zinnias. Perfectly formed, flat-topped flowers on sturdy branching plants. 3 feet.

Brightness. Lovely rich pink.

Daffodil. Deep canary yellow.

Enchantress. Blended rose.

Golden Queen. Yellow and gold.

Grenadier. Glowing crimson.

Lavender Queen. Deep lavender.

Miss Willmott. Pastel pink.

Orange King. Burnt orange.

Purity. The largest white.

Salmon Queen. Radiant salmon.

Scarlet Queen. Vivid Scarlet.

Violet Queen. Striking purple.

California Giants Mixed. Fine.

Any of above:

Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c, oz. \$1.50

Collection 55: A packet each of the 12 Named Varieties—only 85c.

SPECIAL CUT FLOWER MIXTURE
of all the 43 large flowered Zinnias
on this page. Large packet 25c, 1/4 oz.
50c, 1 oz. \$1.50.

HOWARD'S CRESTED GIANTS

Howard's New Giant Crested. A magnificent strain, the result of direct crosses between the Scabiosa Flowered and the Giant Dahlia Flowered types. Crested cushion type flowers strongly resembling a double Pyrethrum. Shades of orange, scarlet, yellow, rose, maize and crimson predominate. They are charmingly fresh and bright. Pkt. 15c., Tr. Pkt. 35c., 1/4 oz. 60c.

New Fantasy Varieties

This graceful novelty type with shaggy, quilled and rayed petals is rapidly taking top rank as a cut flower. 2 1/2 to 3 feet.

"Wildfire." A new dazzling scarlet.

"Orange Lady." Gay bright orange.

"Rosalie." A glorious vivid rose.

"Star Dust." Clear golden yellow.

Fantasy Mixed. Splendid mixture.

Any of above

Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 60c.

Collection 56: A packet each of the 4 Fantasy Named Varieties—only 30c.

Improved Double Giants

Nicely formed, double flowers of medium size. The recommended type to use for bedding as the colors are absolutely set and come true. Many prefer this strain for cutting. 3 feet.

Bright Rose.

Collection 57: A packet of each of the 11 colors—only 65c.

Special Rose and Pink Shades. A blended mixture from rich rose to the most pastel pink. A recommended cut flower strain. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c., Oz. 90c.

Crown o'Gold Type

An aristocrat among fine Zinnias. Each large flower is overlaid with a golden sheen. 3 feet.

"Desert Gold." A dual-toned gold and yellow beauty. Pkt. 10c, Tr. Pkt. 25c.

Crown o'Gold "Pastel Tints." A new greatly improved mixture. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 60c.

Select Zinnias for Cheerful Gardens

ZINNIA NOVELTIES

New Harmony Type

Formerly called Scabiosa-flowered. Medium-sized flowers with an attractive crested center, surrounded by a row of outer guard petals. An unusual cut flower. 2 1/2 ft.

Harmony "Campfire." The most recent introduction in this class. A vivid, intense scarlet. Showy as a cut flower or in the garden. Pkt. 15c, Tr. Pkt. 35c.

Harmony "Autumn Tints." A grand mixture of Autumn hues—russet, burnt orange, bronze red and coppery scarlet. Effective as a cut flower. Pkt. 15c., Tr. Pkt. 35c.

Harmony Mixed. Bright and clear colors in a wide range. Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 50c.

Early Wonder Type

The most free flowering and colorful Zinnia for early Summer use. Comes into bloom 30 to 40 days after sowing. Semi-dwarf, graceful, nearly leafless stems, 15 to 18 inches high.

"Padre." One of the season's finest novelties. A dazzling scarlet.

"Fandango." A grand fiery salmon pink.

"Gypsy." A new rich deep orange.

Early Wonder Mixed. A balanced mixture.

Any of above:

Pkt. 10c., Tr. Pkt. 25c

Collection 58: Packet each three named varieties 25c.

CUT FLOWER ZINNIAS

Pumila Double

(CUT-AND-COME-AGAIN)

Fairly good-sized double flowers blooming in great profusion on bushy, 2 1/2-foot plants. The more the flowers are cut the more will grow—providing an abundance of wonderful cutting material.

"Picotee Delight." Curled petals fringed with attractive picotee markings. An exceptional cut flower.

"Pinkie." A rich, clear pink delicately shaded with rose.

"Spun Gold." A delightful pastel shade of golden yellow. Combines beautifully with other cut flowers.

Pumila Double Mixed. A colorful mixture of bright tones.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., 1/4 oz. 40c.

DWARF ZINNIAS

Tom Thumb Mixed

The most dwarf of all Zinnias. Lilliput type flowers on round, compact plants only 6 inches high. For a unique and colorful edging try this gem. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Linearis. A profuse blooming dwarf Australian novelty. Single flowers of golden orange gayly striped with canary yellow. A mass of color until late Fall. 10 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

"Red Riding Hood." Gay brilliant red flowers of small compact size smother the 18 in. plants. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Haageana Mexican Hybrids. These small, double, Mexican Zinnias have a charm all their own. Striped flowers in attractive color combinations. Pkt. 10c., Tr. Pkt. 25c.

The Cupid Type

A new dwarf type with numerous double button-like flowers about 1 inch in diameter on erect, 1-foot stems.

Pixie, yellow

Tiny Tim, scarlet

Snowdrop, white

Cupid Mixed

Any of above: Pkt. 10c, Tr. Pkt. 25c

Collection 59: A packet each of the 3 Cupid Zinnias—only 25c.

Dwarf Improved Lilliput

While this strain is especially popular as a cutting variety, it is also widely used for bedding purposes. Compact, symmetrical plants make fine bedding subjects. 1 1/2 feet.

Collection 60: A packet each of the 9 colors—only 60c.

Improved Lilliput "Pastel Shades." A new mixture predominating in shades of apricot, peach, saffron, shell pink, coral salmon, orchid and other attractive tints. Pkt. 15c., Tr. Pkt. 35c., 1/4 oz. 50c.

HOW TO GET BEST RESULTS WITH HUNTINGTON SEEDS

SPECIAL INSTRUCTIONS—Do not sow the seed too deep. Be sure your seed beds are well drained. The proper soil for seed beds is a clean rich loam. Do not permit the soil to become crusted. Keep the seed beds from drying out, but use care in watering all seeds.

HOW TO SOW—Sow the seed thinly, especially those you do not plan to pot or transplant. Do not sow too deep. 95% of the failures are due to burying the seed.

SOW FINE SEED IN FLATS OR POTS—Fine seeds such as Petunias, Snapdragons, Nierembergias and others should be carefully sown in pots or flats where they can have special attention.

WHEN TO SOW—At the heading of each annual item we have given definite instructions applicable to the variety. In general all annuals can be sown out-of-doors after all danger of frost is over.

HOW TO HANDLE SEEDLINGS—With the exception of a few items which resent transplanting, all annuals will do better if potted or transplanted before placing in the garden. This extra work will produce rich dividends.

SEED PROBLEMS—If you have any difficulty with any of our seeds or wish special instructions on any particular item please write to us. We are always ready to be of service and shall consider it a pleasure to cooperate with you.

Huntington's Dependable Alpine and Perennial Seeds

For years we have imported rare seeds from England and the Continent, pioneering in this field. The war has made it impossible to procure many items, and rather than offer inferior strains we have elected to reduce our listings.

We take pride in presenting this lengthy list of American grown seed of superior quality. In every instance if we could not obtain the improved strains that we have been offering we have discontinued the item.

We recommend early orders for high quality seed is limited this season.

All Seeds are Sent Postpaid

ACHILLEA

(YARROW)

Filipendula "Parker's Variety." Improved, large golden yellow flowers on 4-ft. stems. Excellent cutter. Pkt. 15c, Tr. Pkt. 35c.

Millefolium "Cerise Queen." Rich bright red. Fern-like foliage. 2 ft. Pkt. 15c., Tr. Pkt. 35c.

Ptarmica, "The Pearl." Large, double white flowers. 1 ft. Pkt. 10c., Tr. Pkt. 25c.

ADENOPHORA

Potanini. Interesting Campanula-like flowers of rich blue on 15-in. spikes. Valuable as it blooms in July and August. Pkt. 20c., Tr. Pkt. 50c.

ACONITUM

(MONK'S HOOD)

This belongs to that group of seeds which requires the action of frost to aid it in germinating. Sow seeds in pots or flats early and place outside exposed to Winter freezing.

Napellus. Vivid violet flowers on thin, graceful, 4-ft. spikes in August. Pkt. 15c., Tr. Pkt. 35c.

AETHEOPAPPUS

Pulcherrimus. An unusual novelty with large, shaggy flowers of rich rose. June blooming. 18-in. Pkt. 20c.

AETHIONEMA

PERSIAN CANDYTUFT

Armenum. Neat blue grey tufts covered with dome-shaped clusters of pink veined flowers. 4 in.

Grandiflora. Erect habit with large, rose colored flowers. 15 in.

Persicum. Dwarf 6 in. glaucous foliage covered with ball shaped flowers of bright pink.

Schistosum. Bushy plants with beautiful rose flowers in spikes. 9 in.

Any of the above: Pkt. 25c., Tr. Pkt. 65c.

AGROSTEMMA

(ROSE CAMPION)

Coronaria Scarlet. The brilliant colored flowers and the contrasting silver foliage make a beautiful show in the Summer border. Very easy from seed. 2 ft.

Alba. Large pearl white.

Atrosanguinea. Blood red.

Any of the above:

Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

ALLIUM

An interesting bulbous family of easy culture.

Cernum. One of the most attractive with ball-shaped flowers of soft pink. Pkt. 20c., Tr. Pkt. 50c.

Pulchellum. Large, globe-shaped flowers of lilac blue tipped with red. 15 in.

Schoenprasum. Globe-shaped umbels of purple rose. 1 ft.

Finest Blended Mixed. Taken from a fine collection.

Any of above: Pkt. 15c., Tr. Pkt. 35c.

ALSTROEMERIA

PERUVIAN LILIES

Lovely Lily-like flowers. The seed should be sown early for freezing.

Chilensis. Showy flowers in shades of rose, orange, bluish and yellow handsomely marked with crimson. 2 ft. Pkt. 15c., Tr. Pkt. 40c.

ANCHUSA

Italica, Dropmore. Cobalt-blue flowers on branching 5-ft. stems. Pkt. 10c., Tr. Pkt. 25c., 1/2 oz. 50c.

Myosotidiflora. The handsome Russian Forget-Me-Not. Sprays of vivid blue flowers from early Spring well into the Summer. 1 ft. Pkt. 25c.

ANTHEMIS

Montana. The stocky, 1-ft. plants produce an abundance of white flowers in June. Pkt. 10c., Tr. Pkt. 25c.

Tinctoria "Perry's Variety." Large, golden Daisies cover the deep green, fern-like foliage. 2 ft. Pkt. 10c., Tr. Pkt. 25c.

Arabis "Spring Charm" is a Gay Carmine

ALYSSUM

Argenteum. Attractive bright yellow flower heads on silver gray foliage. 1 ft. Pkt. 10c., Tr. Pkt. 25c., 1/8 oz. 40c.

Montanum. A choice Alpine with sweet scented yellow flowers on prostrate gray foliage. 3 in. Pkt. 20c., Tr. Pkt. 50c.

Saxatile compactum. The popular "Basket of Gold." A shower of rich gold. Ideal for rocky or low border. 1 ft. Pkt. 10c., Tr. Pkt. 20c., 1/4 oz. 30c.

Saxatile "Silver Queen." An unusual profusion of pale lemon flowers. Pkt. 15c., Tr. Pkt. 40c.

Serpyllifolium. A choice Alpine. Low, gray foliage and bright yellow flowers. 4 in. Pkt. 15c., Tr. Pkt. 40c.

Spinosum. Neat tufts of green massed with white flowers. 6 in. Pkt. 20c., Tr. Pkt. 50c.

Rare Rock Varieties Mixed. An unusual mixture of rare types of which we have too little to offer separately. Pkt. 20c., Tr. Pkt. 50c.

ANEMONE

Coronaria "St. Brigid." The true Irish strain so popular for cutting. Gay colored doubles and semi-doubles. Pkt. 10c., Tr. Pkt. 25c.

Pulsatilla alba. The beautiful Pasque Flower. Cup-shaped white blooms tinted gold. Comes into flower in April. Pkt. 20c., Tr. Pkt. 50c.

Pulsatilla Lilac. Silvery lilac, Crocus-like flowers come in early spring. A recommended gem. Pkt. 10c., Tr. Pkt. 25c.

Pulsatilla Rubra. An unusual shade of deep violet overcast with maroon. A novelty of merit. Pkt. 20c., Tr. Pkt. 50c.

Sylvestris. The charming Snowdrop. One of the first in the Spring. The pure white flowers are pretty among the rocks. 9 in. Pkt. 10c., Tr. Pkt. 25c.

ARABIS ROCK CRESS

Alpina. A mass of white in April and May. 12 in. Pkt. 10c., Tr. Pkt. 20c., 1/8 oz. 30c.

Alpina rosea. The beautiful pink Rock Cress. Pkt. 15c., Tr. Pkt. 35c.

"Spring Charm."

The charming new carmine rose Rock

Cress. Rosettes of waxy deep green leaves covered with clusters of rich colored flowers in May. 6 in. Pkt. 30c.

AQUILEGIA

LARGE-FLOWERED COLUMBINE

The most popular flower in American gardens. Each year sees great improvements made in size and types. The following fine Columbine are the latest and finest strains.

Choice New Introductions

Longissima Hybrids. Ever since the extra large lemon yellow Longissima was introduced, hybridizers have been attempting to cross it with the excellent "Mrs. Scott Elliott Strain." We are pleased to present the first offering representing the giant size of the Longissima with the beautiful color range of the hybrids. A new race of Columbines. Pkt. 25c., Tr. Pkt. 65c.

Clematiflora Mixed.

The sensation of the flower world since their recent introduction. This new Clematis-flowered Columbine with its pastel colored spurless flowers is one of the most graceful plants in the garden. True strain. Pkt. 30c.

Crimson Star. An English novelty of merit. Large flowers of rich crimson with long spurs. The corolla is bluish white shaded to glowing carmine. Highly recommended. Pkt. 20c., Tr. Pkt. 50c.

Longissima. A grand American Columbine. The largest of all. Lemon yellow flowers of gigantic size with spurs over 4 in. long. An Award of Merit from the R.H.S. Pkt. 25c., Tr. Pkt. 70c.

Long Spurred "Blue Shades." The beautiful blue tones have been the most difficult to fix. We now have a strain which we confidently offer as the finest of all blues. Colors range from deep vivid purple blue to the glorious pure sky-blue. Pkt. 20c., Tr. Pkt. 50c.

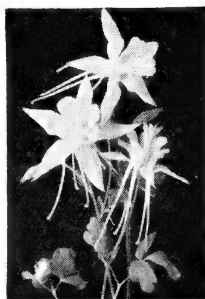

Mrs. Scott Elliott Select Hybrids

A selection from the originator's stock. New colors have been added, the size and form have been improved. Novel shades of indigo, straw red, lavender, buff, coral pink and amethyst and striking combinations of these colors. Vigorous, sturdy habit with extra long spurs. A peerless strain of quality Columbine. Pkt. 15c., Tr. Pkt. 40c., 16 oz. 80c.

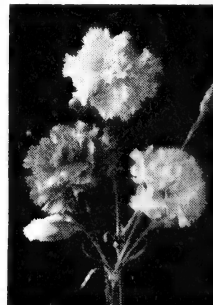

Collection 61: A packet of each New introduction—\$1.00.

Bellis, Perennis

Aquilegia, Longissima

Carnation, Chabaud's

Aquilegia "Farquhar's Pink" is Fine

Long-Spurred Aquilegia

Canadensis. Our beautiful native Columbine. Yellow center with long spurs of bright red. 18 in. Pkt. 15c., Tr. Pkt. 35c.

Chrysantha. Handsome, long-spurred yellow of graceful habit. 2½ ft. Pkt. 10c., Tr. Pkt. 25c.

Chrysantha "Sliver Queen." Extra large, glistening white. Pkt. 15c., Tr. Pkt. 35c.

Caerulea. The Rocky Mountain Blue Columbine. A glorious blue with white corolla. Pkt. 15c., Tr. Pkt. 35c.

Dobbie's Imperial Hybrids. A blended mixture of fine, long-spurred Columbine in a wide range of colors. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

Farquhar's Pink. Rigid selections make this the finest strain of pink shades running from vivid to pastel tones. Pkt. 15c., Tr. Pkt. 35c.

Collection 62: A packet each of the 6 above Columbines—only 60c.

Rock Garden Columbine

Alpina. The bright blue Alpine Columbine. A short-spurred variety blooming in great profusion. 12 in. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 40c.

Pyrenaica. A choice little rich purple gem of dwarf habit. Early flowering and showy. 18 in. Pkt. 15c., Tr. Pkt. 40c.

Flabellata nana alba. The quaint Japanese dwarf. Tidy compact tufts of light blue green foliage and waxy white flowers on 6 in. stems. The finest for the rock garden. Pkt. 20c., Tr. Pkt. 50c.

ANTHERICUM

ST. BRUNO'S LILY

Liliastrum. Handsome white flowers on erect 2-ft. stems. Pkt. 15c., Tr. Pkt. 40c.

ARENARIA

Montana. A delightful gem for a dry sandy spot in the rockery. A myriad of lustrous white flowers on trailing plants. 4 in. Pkt. 20c., Tr. Pkt. 50c.

Formosa. Starry white flowers on grass-like foliage. Recommended for a dry crevice among the rocks. 10 in. Pkt. 20c., Tr. Pkt. 50c.

ARMERIA

SEA PINK

Bee's Ruby. Large, ball-shaped flowers of glowing red on stiff 18 in. stems. Varies from seed but very interesting. Pkt. 20c., Tr. Pkt. 50c.

Formosa New Hybrids. A reselected large-flowered strain. Globe-shaped in shades of red, rose, and pink. A choice cutter. 18 in. Pkt. 15c., Tr. Pkt. 40c.

ASPERULA

Cynanchica. A beautiful creeper with blush pink flowers. 4 in. Pkt. 15c., Tr. Pkt. 40c.

ASCLEPIAS

BUTTERFLY WEED

Incanata. A handsome native with fragrant purple maroon flowers in clusters on 3-ft. stems. Attractive cut flower and blooms in midsummer when color is scarce. Pkt. 15c., Tr. Pkt. 35c.

Tuberosa. One of the most vividly colored of all American natives. Rich orange flowers, long stems makes it ideal to cut. Combines beautifully with Shasta Daisies in a bouquet. Pkt. 10c., Tr. Pkt. 25c., ½ oz. 50c.

ASPHODELUS

Luteus. Spikes of bright yellow arising from sword-like tufts of fragrant leaves. 2 ft. Pkt. 15c., Tr. Pkt. 40c.

ASTER

Choice Dwarf Varieties

Alpinus Blue. Large single flowers of bright blue in the Spring. 10 in. Pkt. 15c., Tr. Pkt. 35c.

Alpinus "Goliath." A giant-flowered delicate soft blue. Pkt. 20c., Tr. Pkt. 50c.

Forresti. A rare little Alpine with violet flowers having an orange center. 6 in. Pkt. 25c.

AUBRIETIA

PURPLE ROCK CRESS

These tidy, dwarf plants are perfect subjects for the rockery or for rock walls. In full glory during May and June.

Large Flowered Hybrids. A fine mixture of all colors. Pkt. 10c., Tr. Pkt. 25c.

AZALEA

Comparatively easy from seed if handled right. Start the seed inside in the early Spring. Sow in soil that is well mixed with a liberal amount of peat moss. Transplant to flats and in late April or May move into beds outside. They will bloom in three years. Very interesting and worth trying.

Kaempferi. The beautiful Japanese Flame Azalea. Pkt. 20c., Tr. Pkt. 50c.

Mollis. Vivid rich orange. Pkt. 20c., Tr. Pkt. 50c.

BAPTISIA

FALSE INDIGO

Australis. Blue Lupin-like spikes on bushy, attractive plants. Very useful for long hedges and a group of them in the June garden makes a bright show. 4 ft. Pkt. 10c., Tr. Pkt. 20c., ¼ oz. 30c., Oz. 75c.

BELLIS

DOUBLE ENGLISH DAISY

Delightful little dwarf clumps covered with large, double flowers on 6-inch stems. Excellent for Spring bedding. Seed can be sown in August for Spring blooming and in April for mid-summer bloom.

Perennis "Longfellow." Rose red.

Perennis "Snowball." Pure white.

Perennis Choice Mixed. Balanced.

Any of above:

Pkt. 10c., Tr. Pkt. 25c., ⅓ oz. 60c.

Monstrosa. A selected strain of extra large doubles. Pretty as a cut flower in dainty bouquets.

Rose
Red

White
Mixed

Any of above:

Pkt. 15c., Tr. Pkt. 35c.

Etna. A brilliant red double of giant size. An early Spring bloomer for the rockery. Pkt. 20c., Tr. Pkt. 50c.

BETONICA

Grandiflora. A useful subject for a sunny spot in the border. Spikes of rose purple on 2 ft. stems during June and July. Attractive foliage. Pkt. 15c., Tr. Pkt. 40c.

BOCCONIA

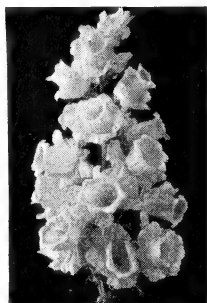

PLUME POPPY

Cordata. Panicles of creamy white on tall stately stems. Attractive foliage. 6 ft. Pkt. 10c., Tr. Pkt. 25c.

A Constant Show of Color with Campanulas

Coreopsis, Sunburst

Campanula, Calycanthema

Campanula, Muralis

BOLTONIA

Latisquama. The myriad of bright pink Daisies lend a brightness to the garden from late August until frost. 5 ft. Pkt. 10c., Tr. Pkt. 25c.

CACTUS

Hardy Varieties Mixed. A blend of hardy varieties needing but slight winter protection even to the Canadian border. Many unusual types. Pkt. 20c., Tr. Pkt. 50c.

CALAMINTHA

Alpina. The Alpine Mint is a pleasing dwarf among the rocks. Covered with lavender flowers. 6 in. Pkt. 20c., Tr. Pkt. 50c.

CALANDRINIA

Umbellata. A neat little gem smothered with vivid scarlet flowers in June. 6 in. Pkt. 15c., Tr. Pkt. 40c.

CALLIRHOE

POPPY MALLOW

Involucrata. Rich crimson, Poppy-like flowers in great profusion on trailing deep green foliage. Pkt. 15c., Tr. Pkt. 40c.

CALOCHORTUS

MARIPOSA LILY

Choice Mixed. The gayly colored wild Tulips of the West. Charming in the rocky with their varied forms and colors. Pkt. 20c., Tr. Pkt. 50c.

CAMASSIA

Sow early to freeze for best results.

Esculenta. An ideal subject for a moist, shady spot in the garden. Clusters of rich purple flowers on 3-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

Leichtlini alba. Resembles and is as effective as Eremurus. Large, creamy, star-like flowers on stately 4-ft. stems. Pkt. 20c., Tr. Pkt. 50c.

CASSIA

Marylandica. The yellow Indian Senna so useful for its show in late Summer borders. Rugged 4-ft. plants. Pkt. 10c., Tr. Pkt. 25c, 1/4 oz. 50c.

CATANANCHE

CUPID'S DART

Caerulea. Crisp, dainty sky-blue flowers similar to an Everlasting. Fine for cutting. 1-ft. Pkt. 10c., Tr. Pkt. 25c.

CAMPANULA

BELLFLOWERS

An interesting and very useful flower family in American gardens. A constant show of bright color from May until late Summer. The seed is very fine and should be sown with care. Start as early as possible.

Tall Garden Varieties

Glomerata. Var. Dahurica. Large flower clusters of bright blue on erect 1 1/2 stems. Effective in a group. June and July. Pkt. 15c, Tr. Pkt. 40c,

Macrantha. Vivid bright purple flower heads on 3-ft. stems in the early Summer. Pkt. 15c, Tr. Pkt. 40c.

Persicifolia grandiflora. The Peachleaf Bellflower is one of our most attractive garden plants. An improved strain with stiff, 3-ft. stems bearing large open bells. From early June well into the Summer. Useful for cutting.

Blue White Or Mixed

Persicifolia "Telham Beauty." An exquisite China blue single of exceptional size. Pkt. 20c, Tr. Pkt. 50c.

Pyramidalis. The Chimney Bellflower is a stately tall variety. Long, graceful spikes filled with bells. 5 ft.

Blue White Or Mixed

Pkt. 10c, Tr. Pkt. 25c

Canterbury Bells

The following varieties are Biennials. The most colorful and profuse blooming of all garden plants.

Calycanthema. The large Cup-and-Saucer. A glorious show in the early Summer. 3-ft.

Blue Rose White Or Mixed

Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c

Medium Single. The beautiful Canterbury Bells.

Blue Rose White Or Mixed

Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c

Medium Double. An attractive novelty with a large cup within a bell.

Blue White Rose Or Mixed

Pkt. 15c, Tr. Pkt. 35c

Medium "Dean's Hybrids." A fine range of colors from deep shades of blue to delicate pinks in singles and doubles. Pkt. 10c, Tr. Pkt. 25c.

Due to limited supplies of many items we will be able to render more prompt service if you will send a list from which we may substitute. Gratis packets sent for this favor.

Campanula Lauri is a Delightful Dwarf

Rock Garden Campanulas

Bellardi-Mirandi. A charming little Alpine with tiny silver blue bells carried 2-in. above the varnished deep green tufts. Pkt. 30c.

Carpatica. The Carpathian Harebell is an old favorite. A rugged dwarf. 6-in.

Blue	White	Or Mixed
Pkt. 10c,	Tr. Pkt. 25c,	1/8 oz. 40c

Lauri. A rare dwarf from the Greek Islands. Cups of rich blue or waving 6-in. stems. Pkt. 25c, Tr. Pkt. 65c.

Muralis. (C. portenschlagiana). One of the daintiest of dwarf Campanulas. Star shaped blue flowers dotted on tiny tufts of crinkly green foliage. Pkt. 25c.

Garganica major. One of the finest of Alpines. Neat tufts of crinkly heart-shaped leaves covered with star-like flowers of bright blue. Pretty nestled among the rocks. 4-in. Pkt. 20c, Tr. Pkt. 50c.

Poscharskyana. The profuse blooming Siberian Harebell. Neat tufted foliage with prostrate stems filled with cup-shaped flowers of bright lavender blue. Recommended. Pkt. 25c.

Pusilla. A choice Alpine forming mats of deep green studded with nodding rich blue bells on 3-in. stems. Pkt. 20c, Tr. Pkt. 50c.

Rotundifolia. The delightful Blue Bells of Scotland. Its pendant bright blue flowers on wiry, slender 1-ft. stems are constantly in bloom during the Summer. Pkt. 15c, Tr. Pkt. 35c.

CARNATIONS

Their spicy fragrance, their bright cheerful color, their grace of habit and their ease from seed make them invaluable for garden decoration and cutting.

Grenadin "White Gold." A recent novelty of rich golden yellow color. Pkt. 15c, Tr. Pkt. 40c.

Giant Marguerite. Delicately scented doubles in a full range of bright colors. Blooms within three months from seeds. Many of them will equal in size our best greenhouse Carnations. Pkt. 10c, Tr. Pkt. 25c.

Chabaud's Improved Doubles. Giant fringed doubles blooming in five months from seed. 18-in.

Cardinal. Bright vermillion.

Jeanne Dionnis. Pure white.

Marie Chabaud. Bright yellow.

Nero. Oxblood red.

Reine Rose. Soft deep rose.

Choice Mixed. Balanced.

Any of above: Pkt. 15c, Tr. Pkt. 40c

Collection 63: A packet each of the 5 Named Varieties—only 50c.

CENTAUREA

Dealbata. Shaggy flowers of rose tinted with lavender in great profusion. Interesting, finely cut foliage. 2-ft. Pkt. 15c, Tr. Pkt. 35c.

Macrocephala. Unique arge yellow thistles on erect 2 1/2-ft. stems. An unusual cut flower. Combined with Delphinium it is highly decorative. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Montana. The popular hardy Blue Cornflower. 2 ft. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Ruthenica. A choice Roumelian species. Large pastel yellow flowers on sturdy, 3-ft. stems. Pkt. 20c, Tr. Pkt. 50c.

CEPHALARIA

YELLOW SCABIOSA

Tatarica. (Scabiosa pennsylvanica). Large, creamy yellow flowers similar in form to the hardy Scabiosa, on tall, stately 5-ft. plants. Midsummer bloomer. Recommended for the back border and is a useful cut flower. Pkt. 15c, Tr. Pkt. 35c, 1/4 oz. 50c.

CERASTIUM

SNOW-IN-SUMMER

Tomentosum. A silver gray creeper completely hidden during the Summer by a sheet of snow white flowers. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 60c.

CHRYSANTHEMUM

SHASTA DAISY

Maximum "Alaska." An improved white Daisy so popular for cutting and for show in the June border. 30-in. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Maximum "Conqueror." A reselected strain of excellent form and extra size. Pkt. 15c, Tr. Pkt. 40c, 1/4 oz. 60c.

Double Shasta Daisy. The distinctive Diener's strain. Shaggy, full doubles of glistening white and many semi-doubles of splendid form. Does not come 100 per cent true but all flowers produced are of superior quality. Pkt. 20c, Tr. Pkt. 50c.

Chrysanthemum Novelties

Korean Hybrids. The seed of this early strain is taken from a collection of these beautiful Fall hybrids. Should show all types of singles and doubles in the wonderful color range. Pkt. 30c.

Mawi. A pleasing dwarf gem. A shower of rich pink Daisy-like flowers on compact silvery gray foliage. Showy in the rockery during June and July. 10 in. Pkt. 15c, Tr. Pkt. 40c.

CHEIRANTHUS

SIBERIAN WALLFLOWER

Allioni. A vivid show of bright orange. 1 ft. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Allioni "Golden Bedder." A dwarf English novelty. Smothered with golden yellow flowers. 1 ft. Pkt. 10c, Tr. Pkt. 25c.

CIMICIFUGA

Racemosa. The handsome American native Snake Root. Graceful, feathery spikes of white on waving 5-ft. stems. Useful for midsummer bloom in semi-shady locations. Pkt. 15c, Tr. Pkt. 35c.

CONVOLVULUS

Mauritanicus. A handsome dark green trailer with large, open flowers of bright blue. Give it a sunny spot in the rockery. Pkt. 15c, Tr. Pkt. 40c.

COREOPSIS

Mayfield Giants. The best strain of single rich golden yellow. Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Double "Sunburst." A gorgeous golden yellow double, 3 to 3 1/2 in. across. A fascinating cut flower. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

CORONILLA

Cappadocica. A splendid low-growing trailer with glaucous leaves and rich golden yellow flower heads. 3 in. Pkt. 25c.

CRUCIANELLA

Stylosa. A creeper forming mats of deep green studded with ball-shaped flowers of bright pink. Pkt. 10c, Tr. Pkt. 25c.

Select Strains of Delphiniums

Choice strains from the world's leading hybridizers. Delphinium seed can be sown in the Spring or in August. April sown seed will produce flowers in late Summer.

NEW PACIFIC GIANTS Vetterle and Reinelt Strains

A remarkable new strain developed on the Pacific Coast. Extremely large and well formed flowers, 2½ to 3½ inches in diameter, symmetrically spaced on well balanced spikes of thin woody stems, practically 100 per cent double.

"Galahad Series." Clear white of enormous size with well spaced, pyramidal spikes. The individual florets average 3 in. across and are of a heavy, glistening texture. Strong, whippy stems. A high percentage are mildew-resistant.

"Lancelot Series." A new color in Delphinium of pure lilac self tone with white bee. The florets are 2 to 2½ inches in diameter.

"King Arthur Series." Brilliant royal violet with large white bee. Very long, graceful spikes set with large 2½-in. florets. A bold striking show.

"Guinevere Series." Light pink lavender self with handsome white bee. Excellent branching habits making it an especially fine cut flower.

"Round Table Series." Contains all the outstanding colors and combinations of colors found in this new strain. New types from trial grounds.

"Summer Skies Series." Clearest light blue with attractive white bee. Thin, whippy stems with very strong branching habits.

Any of the Named Varieties, Pkt. 50c, Tr. Pkt. \$1.25

"Giant Pacific Hybrids." A grand mixture in all the glorious colors found in Delphiniums. Pkt. 30c, Tr. Pkt. 75c.

Collection 64: Your Choice Any Five V. and N. Delphiniums, only \$2.00.

Superior Strains Wrexham Hollyhock Strain.

The world renowned deluxe English strain. Enormous rugged flower spikes of majestic appearance. A well blended color range in extra large flowers, many of them doubles and semi-doubles with attractive bee-type centers. Highly recommended. Pkt. 20c, Tr. Pkt. 50c, ⅛ oz. \$1.00.

Wrexham "Art Shades." A mixture designed for unusual cutting material. Large doubles and semi-doubles in pleasing shades of mauve, lavender, deep pink and rose blended with odd tones of blue. Pkt. 25c, Tr. Pkt. 70c.

Blackmore & Langdon's Doubles. The recognized peer of British Delphinium. A reselected strain running to a high percentage of doubles. A superb range of colors. Pkt. 20c, Tr. Pkt. 50c, ⅛ oz. \$1.00.

La Martine. The finest single rich indigo blue. Each floret is handsomely crested with a white bee. Sturdy, rugged habit. Pkt. 15c, Tr. Pkt. 40c, ⅛ oz. 75c.

Belladonna "Cliveden Beauty." The improved strain of the ever popular light blue single so important and useful as a cut flower. Pkt. 15c, Tr. Pkt. 35c, ⅛ oz. 50c.

Bellamosum Improved. A select strain of deep rich blue single flowers. Pkt. 15c, Tr. Pkt. 35c, ⅛ oz. 50c.

Delphinium Species

Chinensis Tall. Fine for cutting and a bright touch of color in the border. Blooms first season when sown early. 3 ft.

Dark Blue **White** or **Mixed**
Pkt. 10c, Tr. Pkt. 20c, ¼ oz. 40c

Chinensis, "Cambridge Blue." A new, vivid bright blue of fine form. 3 ft. Pkt. 10c, Tr. Pkt. 25c, ⅛ oz. 45c.

Chinensis Dwarf. Interesting 1 ft. plants for bedding or the rockery. Rich clear colors.

Azure Fairy, Blue Butterfly or Mixed
Pkt. 10c, Tr. Pkt. 20c, ¼ oz. 45c

Nudicaule. A brilliant scarlet, semi-dwarf native of California. 15 in. Pkt. 10c, Tr. Pkt. 25c.

DIANTHUS Colorful Garden Pinks

The Dianthus family is noted for its gay, cheerful color and for its spicy, rich fragrance. Among the following varieties you will find those that add their charm to the garden and also serve as dependable cut flowers.

Allwoodii Mixed. A choice English novelty with the colors and free-flowering qualities of the Pink and the flowers of a Carnation. Varies from full doubles to large singles. 25 seeds 25c, 100 seeds 75c.

"Delight." A recent introduction that adds gaiety and color to the summer border. Rich reds and salmon shades predominating. 9 in. Pkt. 20c, Tr. Pkt. 50c.

Knappi. A yellow Pink. Unique clusters of pretty flowers on stout 15 in. stems. A rich clear yellow. Pkt. 20c, Tr. Pkt. 50c.

Plumarius "Double Dwarf Erfurt." Splendid doubles and semi-doubles in a cheerful mixture. Dwarf and compact, ideal for bedding. 10 in. Pkt. 10c, Tr. Pkt. 25c.

Plumarius semperflorens. The most popular Garden Pinks. Pretty frilled bright colored singles with spicy fragrance. 15 in. Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 35c.

Plumarius Double Mixed. A select strain of large doubles and semi-doubles. Grand cutting material with their Carnation-scented fragrance. Pkt. 15c, Tr. Pkt. 35c.

"Loveliness." Shaggy, finely fringed white flowers tinted with rosy mauve. A fascinating, spicv fragrance. Pkt. 20c, Tr. Pkt. 50c.

Sweet Wivelsfield. Extra large fringed and laciniated flowers in a bright colorful display. A pleasing cut flower. 1 ft. Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 40c.

Winteri. A comparatively new strain of extra large singles in a grand range of pure colors. Compact tufts of gray green. Honored by the Royal Horticultural Society. 1 ft. Pkt. 20c, Tr. Pkt. 50c.

Collection 66: A Packet Each of Delight, Knappi, Plumarius Double, Sweet Wivelsfield, and Winteri, only 60c.

Dicentra Oregana is a Charming Dwarf

Dianthus, Loveliness

Dianthus, plumarius

Dictamnus, Fraxinella

Rock Garden Dianthus

Alpinus. One of the most delightful of all Alpine gems. Glossy, compact foliage with large rose flowers on stocky, 3 in. stems. Pkt. 20c, Tr. Pkt. 50c.

Arenarius. A shower of lacy white flowers delicately tinted lavender. Gray green foliage. 8 in. Pkt. 15c, Tr. Pkt. 35c.

Arvenensis. Neat, compact mounds of bright green, only 4 in. high, studded with hundreds of rose pink flowers in June. Choice among the rocks and is becoming very popular as an edging plant. Always tidy and trim appearing. Pkt. 20c, Tr. Pkt. 50c.

Caesius. Solid small cushions of gray green covered with laciniated pink flowers in the early summer. 8 in. Pkt. 10c, Tr. Pkt. 25c.

Deltoides. The Maiden Pink is pretty among the rocks. Spreading deep green foliage and a myriad of bright pink flowers in May and June. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c.

Deltoides erecta. A new form of merit. Rich pink flowers on erect 6 in. stems. Neat in a rock wall. Pkt. 15c, Tr. Pkt. 35c.

Deltoides "Major Stearns." A charming creeper with deep crimson flowers and bronze green foliage. Pkt. 15c, Tr. Pkt. 35c.

Neglectus. The true Glacier Pink. Cherry red flowers with reverse petals of buff on diminutive tufts of deep green. 4 in. Pkt. 20c, Tr. Pkt. 50c.

"Little Jock Hybrids." A dwarf Plumarius type of recent introduction. The rose and pink flowers are prettily fringed, many of them choice doubles. Compact, glaucous foliage. 8 in. Pkt. 25c.

Rock Varieties Mixed. A special mixture made up of all of the above and many other rare varieties, the seeds of which we have in such limited quantities that we cannot offer them separately. Highly recommended. Pkt. 15c, Tr. Pkt. 40c.

Collection 67: A packet each of the following: *Arvenensis*, *caesius*, *deltoides erecta*, and *neglectus*—only 60c.

DODECATHEON

Meadia. The pretty American Cowslip. Pale purple and yellow blooming in the early Spring. 1 ft. Pkt. 20c, Tr. Pkt. 50c.

DORONICUM

Sow outside early in the Spring. Will germinate better if frozen.

Caucasicum magnificum. Large bright yellow Daisies on stiff 18 in. stems in May. A grand cut flower for Decoration Day. Pkt. 20c, Tr. Pkt. 50c.

THE RALPH E. HUNTINGTON NURSERIES
PAINESVILLE, OHIO

DICENTRA BLEEDING HEART

Dicentra seed responds quite favorably to the freezing treatment. We advise sowing outside as early as possible in the Spring.

Eximea. The grand everblooming, plummy-leaf Bleeding Heart. Finely cut attractive foliage and cherry red hearts from May until late in the Fall. 15 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

Formosa. Similar to *D. eximea* although the heart-shaped flowers are pink and the foliage is heavier and deeper green. 15 in. Pkt. 20c, Tr. Pkt. 50c.

Oregana. A charming dwarf western native. The heart-shaped flowers are a dainty cream tipped with rich rose. Silvery glaucous foliage. A rare rock plant. Pkt. 25c.

DICTAMNUS A Garden Aristocrat

Dictamnus has a hard seed which should be frozen. Sow seeds outside as early as possible for best results.

Fraxinella. The Gas Plant is an established favorite. Glossy, citron scented foliage and handsome flower spikes 2-ft. long.

Rose	White	or Mixed
Pkt. 15c,	Tr. Pkt. 40c,	1/8 oz. 50c.

DIGITALIS The Stately Foxglove

Ambigua. Heavy, 3-ft. spikes of deep yellow marked with brown. Pkt. 10c, Tr. Pkt. 25c.

The Shirley Hybrids. Rugged sturdy spikes in bright pastel colors. 4 ft. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Shirley Hybrids Select. An English strain of great beauty. Giant flowers in a blending of rich colors. Pkt. 15c, Tr. Pkt. 35c.

Hybrida Lutzii. This beautiful salmon pink is rapidly becoming one of the favorites. 3 ft. Pkt. 10c, Tr. Pkt. 25c.

Gloxiniaceflora. Handsome full spikes set with drooping bells add grace and color to the Summer gardens. 4 ft.

Rose	White
Purple	Mixed
Isabellina, new yellow	

Any of above:
Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 35c.

Collection 65: A packet each of the 4 colors — only 25c.

Euphorbia Polychroma is Recommended

DRYAS

Sow early in the Spring outside.

Sundermanni. A grand Alpine with extra large pale lemon flowers on stubby 3-in. stems. Pkt. 20c.

DOUGLASIA

Montana. A rare American Alpine. A tidy miniature cushion of deep green dotted with stemless brilliant pink small flowers. In the western mountains it is found on exposed rock ridges in grifty soil. Pkt. 25c, Tr. Pkt. 70c.

EDRAIANTHUS

Dalmaticus. A pleasing little Alpine related to the Campanula family. Short trailing stems filled with cup-shaped rich blue flowers. 4 in. Pkt. 25c.

ECHINOPS

Ritro. The striking Blue Globe Thistle. It is a mass of steel blue in July and August. 3 ft. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{4}$ oz. 35c.

EREMURUS

The Stately Foxtail Lily

Sow early outside to freeze for best results.

Selected Hybrids. Collected from rare imported varieties showing the widest color range from clear pink to rich saffron yellow. Tall, heavy spikes 5 to 6 ft. in May and June. Pkt. 25c, Tr. Pkt. 65c.

ERIGERON

Speciosus Hybrids. A profusion of Aster-like lavender blue flowers in June. Slender 2½-ft. stems. Pkt. 10c, Tr. Pkt. 25c.

ERINUS

Alpinus. A tidy little Alpine. Miniature tufts of foliage covered with tiny purple flowers. 4 in. Pkt. 20c, Tr. Pkt. 50c.

ERYNGIUM

SEA HOLLY

Amethystinum. A handsome plant for the border, covered with steel-blue, globe-shaped flowers. Dries well for Winter bouquets. 2½ ft. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 45c.

ERYTHRONIUM

DOG'S TOOTH VIOLET

Grandiflorum robustum. A grand variety for naturalizing or for the shady rockery. Gay buttercup yellow flowers on graceful 15 in. stems. Pkt. 15c, Tr. Pkt. 40c.

Johnsoni. Large, lily-like rose pink flowers colorfully marked at the base by chrome yellow. One of the loveliest for the rock garden. Pkt. 20c, Tr. Pkt. 50c.

EUPATORIUM

HARDY AGERATUM

Coelestinum. A shower of misty purple from August well into the Fall. A fine cutter and is a border plant of merit. 1½ ft. Pkt. 10c, Tr. Pkt. 25c.

Purpureum. A tall, attractive American native. Clusters of French blue flowers on stout 3-ft. stems. Pkt. 10c, Tr. Pkt. 25c.

EUPHORBIA

Myrsinites. Graceful, prostrate glaucous gray foliage. Yellow flower heads in June. Useful among the rocks. Pkt. 15c, Tr. Pkt. 35c.

Polychroma. One of the prettiest for the rock garden or the low border. The dome shaped 1 ft. plants are covered with bright yellow flower bracts during May and June. Pkt. 25c, Tr. Pkt. 65c.

FUNKIA

Sieboldianum. A choice Plantain Lily, forming great mounds of bright green leaves with 2 to 3 ft. spikes of lavender blue flowers. Pkt. 15c, Tr. Pkt. 35c.

GAILLARDIA

BLANKET FLOWER

Monarch Strain Mixed. A new, improved English strain of

superior size. Extra large flowers of wonderful form. A gorgeous display of bright color from orange to glowing red. Pkt. 15c, Tr. Pkt. 35c.

"Burgundy." The large, coppery red novelty. Comes quite true to color. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 50c.

Tangerine Improved. A striking rich tangerine orange of fine form. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 40c.

Portola Hybrids. Improved semi-doubles in shades of deep red to orange. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 35c.

The Dazzler. Large, well-formed flowers in a vivid splash of crimson and gold. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 35c.

"Goblin." An interesting dwarf novelty. The compact plants are a blaze of rich red and yellow. Recommended for edging, for beds, or for spots of color in the rockery. 12 in. Pkt. 15c, Tr. Pkt. 40c.

GAULTHERIA

Procumbens. The American Creeping Wintergreen. Filled with bright red berries in the Fall. Pkt. 15c, Tr. Pkt. 40c.

GENTIANA

An interesting group for both the rock garden and perennial border. A bit difficult from seed but by sowing early to get the benefit of freezing your results will be much more satisfactory.

Acaulis. A gem from the Swiss Alps. Considered by many to be the finest subject for a true Alpine garden. Brilliant blue, trumpet-shaped flowers cover a carpet of deep green. 3 in. Pkt. 20c, Tr. Pkt. 50c.

Andrews. The lovely American native Bottled Gentian. Clusters of deep blue flowers on 10-in. stems in the late Summer. Pkt. 15c, Tr. Pkt. 35c.

GERANIUM

Blue Beauty. Forms mounds of deep green massed with pure lavender blue flowers throughout the early summer. An effective show either in full sun or partial shade. Pkt. 20c, Tr. Pkt. 50c.

GYPSOPHILA

HARDY BABY'S BREATH

Oldhamiana. A profusion of large pink flowers on erect, 4-ft. bushes in June. Award of Merit by the R.H.S. Pkt. 15c, Tr. Pkt. 35c.

Paniculata. The old favorite white Baby's Breath. Pkt. 10c, Tr. Pkt. 20c, $\frac{1}{4}$ oz. 30c.

Double "Snowflake." A new early flowering double. The compact bushes are a mass of pearly white. A delightful cut flower. Will vary somewhat from seed. 3 ft. Pkt. 20c, Tr. Pkt. 50c.

Repens. A dwarf prostrate plant filled with dainty white flowers. Recommended for the rockery. Pkt. 15c, Tr. Pkt. 35c.

Repens rosea. The clear pink form of above. A prolific bloomer. Pkt. 15c, Tr. Pkt. 35c.

Hollyhocks have been Greatly Improved

GEUM

Borisi. A rugged Alpine with vivid scarlet single flowers. Low growing bright green foliage. Pkt. 15c, Tr. Pkt. 40c.

"Lady Stratheden." Double golden yellow flowers on erect, 18-in. stems. Handsome, laciniated foliage. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 50c.

"Mrs. Bradshaw." Bright scarlet double flowers in June and July. Grand for cutting. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{8}$ oz. 50c.

"Prince of Orange." This choice novelty is similar to the above two varieties but the flowers are a brilliant orange of extra size. Pkt. 20c, Tr. Pkt. 50c.

GLOBULARIA

Cordifolia. Leathery deep green tufted foliage with a profusion of globe-shaped blue buttons coming in late May. The flowers start right in the leaves, rising as they age to about 10 in. A fine, dependable rock plant. Pkt. 10c, Tr. Pkt. 25c.

HELENIUM

Riverton Gem. A myriad of old gold and Wall-flower red flowers covering symmetrical plants in the late summer. 3 ft. Pkt. 15c, Tr. Pkt. 40c.

HELIANTHEMUM

Mutabile Mixed. The dainty Sun Rose. Dwarf foliage smothered with small blossoms in clear, pastel colors in the early Summer. 8 in. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{4}$ oz. 50c.

HELIOPSIS

ORANGE SUNFLOWER

Pitcheriana. Bright golden orange flowers about 2 inches across on sturdy, 3-ft. stems in July and August. Fine for cutting. Pkt. 10c, Tr. Pkt. 25c.

HEMEROCALLIS

Choice Hybrids. Taken from the finest of Betscher's and Stout's famous hybrids. Such varieties as "Hyperion," "Vesta," "Modesty," "Waubun," "Ophir," "Gypsy," "Mrs. J. A. Crawford," "Goldeni" and a number of yet unnamed novelties were used as the source of this seed. Pkt. 25c.

HERBS

Balm. (*Melissa officinalis*). The leaves have a pleasing fragrance.

Catnip. (*Nepeta cataria*). Gray foliage with a pungent aroma.

Chives. Widely used in salads.

Fennel. (*Foeniculum vulgare*). The seeds are used in flavoring.

Hoarhound. Popularly used in flavoring.

Sage Clary. (*Salvia sclarea*). A pleasant Sage used in flavoring dressings.

Rue. (*Ruta graveolens*). A handsome foliage plant highly fragrant.

Any of above: Pkt. 10c, Tr. Pkt. 25c.

HESPERIS

SWEET ROCKET

Matronalis Mixed. Pretty Phlox-like flowers in shades of purple, red or white. A bright touch of color for the June garden. 2 ft. Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{4}$ oz. 40c.

HETEROPAPPUS

Blue Daisy. A native of Mongolia recently introduced to American gardens. A Summer-flowering Daisy about 20 in. tall, producing an immense number of bright blue flowers. Pkt. 10c, Tr. Pkt. 25c.

HEUCHERA

CORAL BELLS

Start the seed early inside in March. Use quite a bit of peat in the soil for best results.

Sanguinea. Tiny bells of sparkling crimson. Sturdy, leathery foliage in clumps. Pkt. 25c, Tr. Pkt. 70c.

HIBISCUS

GIANT MALLOW

We have carefully selected the separate colors in these grand border plants. They are very effective in the perennial garden and when planted among evergreens add a bright show. 5 ft.

Huntington's Select Reds.

Huntington's Select Pinks.

Huntington's Select Whites.

Huntington's Choice Mixed.

Any of above:

Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{4}$ oz. 50c.

HIERACIUM

Aurantiacum. A brilliant colored native with deep orange red flowers in little clusters on waving 1-ft. stems. Pkt. 10c, Tr. Pkt. 25c.

HOLLYHOCK

The old dependable garden favorite greatly improved as to size and form. A bright display in the early summer in the back border or at the base of a brick wall.

Doubles in Novelty Colors. Striking new colors and shades in double Hollyhocks. Tones of carmine, chamois, lilac, purple, cinnabar, scarlet, Nankeen yellow and other beautiful tints in a grand mixture. Pkt. 15c, Tr. Pkt. 35c.

Double Exquisite. An odd-shaped, fine double in a blend of rich colors. Pkt. 10c, Tr. Pkt. 25c.

"Imperator." Pretty frilled flowers with a crested center. Grand color combinations such as canary and pink, scarlet and cream, lavender and gold abound in this fine English novelty. Pkt. 15c, Tr. Pkt. 35c.

"Triumph." Waved and fringed double flowers. Many of them are bicolors showing cream flushed rose, purple with a lavender overcast and other similar colorings. An English strain of great beauty. Pkt. 15c, Tr. Pkt. 40c.

Collection 69: A Packet Each 4 Novelty Hollyhocks, 40c.

Chater's Improved Doubles. Large double flowers of perfect form set on strong, 6-ft. stems.

Crimson	Salmon
Maroon	White
Newport Pink	Yellow
Rose	Mixed

Any of above:

Pkt. 10c, Tr. Pkt. 25c, $\frac{1}{4}$ oz. 50c.

Collection 68: A packet each of the 7 colors — only 50.

Try the English Munstead Strain of Lavender

Lewisia, Howell

HYACINTHUS

Candicans. The Cape-Hyacinth has large, fragrant Snowdrop-like flowers on tall spikes in the late summer. Pkt. 10c, Tr. Pkt. 25c.

HYPERICUM

Fragile. This neat dwarf, filled with star-like bright gold flowers in June, is an ideal subject for the rock wall. 6 in. Pkt. 20c, Tr. Pkt. 50c.

IBERIS

HARDY CANDYTUFT

Gibraltarica. Dwarf, stocky plants smothered with mottled lavender flowers in May and June. 8 in. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Sempervirens. The old favorite with dwarf evergreen foliage and bracts of pearl white flowers in the early Summer. 8 in. Pkt. 15c, Tr. Pkt. 35c.

INCARVILLEA

HARDY GLOXINIA

Delavayi. Long trumpet-shaped flowers of rich rose on erect, 1 1/2-ft. stems. Attractive, pinnate foliage. Unusual. Pkt. 15c, Tr. Pkt. 35c.

Grandiflora brevipes. A semi-dwarf novelty with large flowers in shades of amaranth red. Pkt. 20c, Tr. Pkt. 50c.

INULA

Glandulosa superba. Large, showy golden yellow flowers for the back border. 3 ft. Pkt. 10c, Tr. Pkt. 25c.

"Golden Beauty." Attractive flowers on sturdy plants. 2 1/2 ft. Pkt. 15c, Tr. Pkt. 40c.

ISATIS

Glauc. The Golden Gypsophila so effective as a cut flower. Panicles of yellow flowers on branching 2-ft. plants in May. Pkt. 10c, Tr. Pkt. 25c.

JASIONE

Perennis. Miniature vivid blue-tufted flowers in great profusion. Fine for the rock garden and very useful as a cut flower. 8 in. Pkt. 20c, Tr. Pkt. 50c.

IRIS

Iris seed germinates very easily if sown early. Sow outside in early March for best results.

Dichotoma. The Orchid-like Vesper Iris. Dainty lavender flowers on erect, 18-in. stems in August. Pkt. 20c, Tr. Pkt. 50c.

Innominata. A rare western native with slender foliage and dainty flowers in shades of lavender, yellow and purple on 8-in. stems. A fine American Alpine. Pkt. 25c, Tr. Pkt. 65c.

Kaempferi. The exotic Japanese Iris. Seed taken from a magnificent collection of named varieties. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Missouriensis. A choice American native with pale blue flowers veined purple with a showy yellow midrib. Colorful in the Spring. 18 in. Pkt. 15c, Tr. Pkt. 35c.

Collection 70: A packet each of the 4 Iris — only 50c.

LATHYRUS

HARDY SWEET PEA

Latifolius. Colorful climbers and trailers for rock walls and fences. Blooms profusely during the early summer.

Pink Beauty, Crimson, White Pearl or Mixed
Pkt. 10c, Tr. Pkt. 25c, 1/2 oz. 40c.

LAVANDULA

ENGLISH LAVENDER

Vera. The true English type with fragrant, blue gray foliage and tiny spikes of light lavender. 18 in. Pkt. 15c, Tr. Pkt. 35c.

Munstead Strain. A new improved English strain. More dwarf and compact. Deep lavender flowers on 12-in. spikes. Pkt. 20c, Tr. Pkt. 50c.

LEONTOPODIUM

ALPINE EDELWEISS

Alpinum. The famous Swiss Alpine. Silvery gray rosettes with fluffy white flowers. 6 in. Pkt. 15c, Tr. Pkt. 40c.

LEWISIA

A family of charming American Alpines found in the mountains of the West. Sow the seed early outside to freeze for best results.

Howell. A beautiful gem, creeping among the rocks with wide rosettes of crinkled foliage. Wiry little stems are filled with flowers of light apricot streaked with rose. 6 in. Pkt. 20c, Tr. Pkt. 50c.

Rediviva. Waterlily-like flowers of waxy white tinted pink on short 3 in. stems. Pkt. 20c, Tr. Pkt. 50c.

LIATRIS

Pycnostachya. The handsome Kansas Gay Feather. Full, heavy spikes of bright purple tipped with lavender. A unique cut flower blooming in August. 5 ft. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

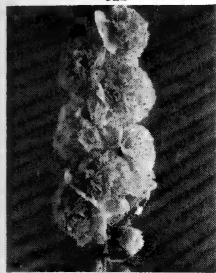

Scariosa. The colorful Blazing Star. Large, individual florets of rich purple well arranged on tall, 5-ft. spikes in late August. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 60c.

Scariosa "September Glory".

An improved late flowering type with grand 6 ft. spikes of purple. The florets are open all at the same time presenting a striking effect. Pkt. 20c, Tr. Pkt. 50c.

Scariosa "White Spire." Similar in habit and form to "September Glory" but the flowers are a glistering pure white. Pkt. 20c, Tr. Pkt. 50c.

Lilies Lend a Charm to the Garden

Double Hollyhock

Edelweiss

LILIUM

Lilies lend a charm to the garden unrivaled by any other flower. Some of the following will produce large blooming sized bulbs in two years and all bloom the third season. Sow early. Some varieties do not send up a leaf the first season but make a bulb under the ground, so wait for them.

Auratum. The Gold Band Lily of Japan. Large white flowers shaded with gold in the throat. 4 ft. Pkt. 10c, Tr. Pkt. 25c.

Bolanderi. A choice western native with deep crimson, bell-shaped flowers spotted with purple. 2 ft. Pkt. 20c, Tr. Pkt. 50c.

Canadense. Our beautiful native Lily. Curved petals of bright orange red. 3 ft. Rather scarce. Pkt. 15c, Tr. Pkt. 40c.

Concolor. The colorful Red Star Lily on short, 18 in. upright stems. Pkt. 10c, Tr. Pkt. 25c.

Cernuum. The dainty Lilac Lily. Reflexed petals of lilac pink. Delicately fragrant. Pkt. 15c, Tr. Pkt. 40c.

Henryi. A sensational variety with perfectly formed flowers of brilliant orange. A vivid show in the border. 4 ft. Pkt. 15c, Tr. Pkt. 40c.

Kelloggii. A western native with fragrant, daintily reflexed pink petals with a band of cream and dotted crimson. 4 ft. Pkt. 20c, Tr. Pkt. 50c.

Occidentale. The rarest of the western natives. Found only in isolated spots on the Pacific slope. Buds of rich red opening to vivid crimson, spotted maroon in June. 4 to 6 ft. erect stems. Pkt. 20c, Tr. Pkt. 50c.

Pardalinum. Bright orange scarlet flowers on stiff 4 ft. stems. Pkt. 10c, Tr. Pkt. 25c.

Philippinense Formosanum. An improved strain. Clusters of magnificent pure white trumpets on 3-ft. stems. A fine cut flower. Pkt. 10c, Tr. Pkt. 25c.

Regale. The best known and most popular of all Lilies. Large white flowers beautifully marked with purple and gold in the throat. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Superbum. The native Turk's Cap Lily with drooping bells of dark yellow spotted with red and coppery green. Pkt. 10c, Tr. Pkt. 25c.

Tenuifolium. The Coral Siberian Lily. The semi-dwarf, finely cut foliage is covered with coral red flowers. Fine for the rock garden in June and July. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

Washingtonianum. The gorgeous Mt. Hood Lily. Blended shades of light and wine red on a pink background. 3 1/2 ft. Pkt. 10c, Tr. Pkt. 25c.

Collection 71: One Packet Each of the Lilies, \$1.50.

LINUM

HARDY FLAX

Alpinum. The prostrate, flowing stems are filled with heavenly blue flowers in June. Pkt. 20c.

Flavum. Showers of bright yellow flowers in June and July. Bushy 1-ft. plants. Pkt. 10c, Tr. Pkt. 25c.

Flavum nanum compactum. An interesting new dwarf.

The 6-in. symmetrical plants are a mass of glowing yellow. Thrives in full sun in the rockery. Pkt. 20c, Tr. Pkt. 50c.

Perennae. An indispensable item for the perennial border. Waving graceful stems filled with flowers all through the early Summer. 2 ft.

Blue White or Mixed
Pkt. 10c, Tr. Pkt. 20c, 1/4 oz. 30c.

Salsoloides nanum. An Alpine treasure. Opalescent white flowers on tiny stems cover the mat of deep green foliage. Pkt. 30c.

LINARIA

Alpina. A neat dwarf with blue gray foliage and dainty Snapdragon-like violet and orange flowers. 4 in. Pkt. 20c, Tr. Pkt. 50c.

Dalmatica. Attractive waving spikes of yellow Snapdragon-like flowers tipped with white. 2 ft. Pkt. 10c, Tr. Pkt. 25c.

LOBELIA

Cardinalis. The beautiful native Cardinal Flower. A vivid show in midsummer in a partially shaded section of the garden. 3 ft. Pkt. 15c, Tr. Pkt. 35c.

Syphilitica. Clusters of vivid deep blue flowers on erect 2-ft. stems. A little known but attractive native for the shady garden. Pkt. 15c, Tr. Pkt. 35c.

LUPINUS

These beautiful garden Lupines are at the height of their glory in June and July. We advise sowing the seed as early in April as possible. This gives the seedlings chance to develop before the hot weather. They thrive in a rich cool loam.

Polyphyllus Type

Harkness Regal Hybrids. A grand mixture of art shades running to rose, terra cotta, buff, mauve and salmon. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

"Princess Juliana." Vivid pure pink of compact habit. Pkt. 15c, Tr. Pkt. 35c.

Blue. Full spikes. Pkt. 10c, 1/4 oz. 25c.

Roseus. Soft rose. Pkt. 10c, 1/4 oz. 25c.

White. Large white. Pkt. 10c, 1/4 oz. 25c.

Russell's New Hybrids. An exquisite English strain of recent introduction. Extra large, full spikes in rich colorings. Many of them are dual-toned, such as lavender and gold, coral and buff, indigo and rose, brilliant scarlet and yellow and many other delicate combinations. A Gold Medal from the R.H.S. Pkt. 20c, Tr. Pkt. 50c.

Novelty Lupines

"Golden Spire." An especially handsome English variety. Graceful tall spikes of rich purple tipped with gold. Pkt. 20c, Tr. Pkt. 50c.

Lyallii. A rare dwarf from the mountains of California. Stocky 4-in. racemes of vivid purple contrast beautifully with the tufts of silvery gray foliage. Pkt. 25c.

Paynei. A unique, tall variety with fragrant flowers in shades of blue, lavender, pink, purple, and white. The light gray foliage is very showy. 6 ft. Pkt. 25c.

Iceland Poppies are Fine for Cutting

LUNARIA

HONESTY, or SILVER PENNY

Biennis. Purple flowers forming large silvery seed pods widely used for Winter bouquets. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

LYCHNIS

Alpina. A neat Alpine. Compact tufts of rich, deep green with ball-shaped flowers of bright red on stout 4-in. stems. Tucked in among the rocks it makes a fine show in June. Pkt. 20c, Tr. Pkt. 50c.

Chalcedonica. The vivid scarlet Maltese Cross. 2 ft. Pkt. 10c; Tr. Pkt. 25c; 1/4 oz. 40c.

Haageana Hybrids. Showy, large flower heads of brilliant scarlet and rose. 15 in. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

Viscaria splendens. Spikes of dark red single flowers. 1 ft. Pkt. 10c, Tr. Pkt. 25c.

LYTHRUM

Roseum superbum. Slender spikes of rose purple in Midsummer. Fine for partially shady spot in the garden. 5 ft. Pkt. 10c, Tr. Pkt. 25c.

MATRICARIA

FEVERFEW

Capensis. A mass of double white flowers for edging or beds. 12 in. Pkt. 10c, Tr. Pkt. 25c.

"Golden Ball." A selected dwarf strain. A mound of golden yellow. A neat, tidy border plant. 10 in. Pkt. 15c, Tr. Pkt. 35c.

"Snowball." Similar to above except it forms a carpet of pure white. Pkt. 15c, Tr. Pkt. 35c.

MERTENSIA

Virginica. The lovely Virginia Blue Bells that welcome the Spring. Pkt. 15c, Tr. Pkt. 35c.

MITCHELLA

Repens. Our native trailing evergreen Partridge Berry. Bright red berries in the Fall. Pkt. 20c, Tr. Pkt. 50c.

MYOSOTIS

FORGET-ME-NOT

Alpine Blue. The most brilliant blue. Spreading little bushes covered with intense deep blue flowers. Effective for bedding and in the rock garden. 8 in. Pkt. 15c, Tr. Pkt. 40c.

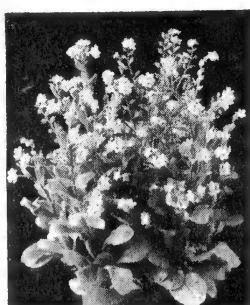

Alpestris. A fine bedding variety blooming when Tulips are at their best. For early Spring bloom sow in August. 8 in. Pkt. 10c, Tr. Pkt. 25c.

Alpestris "Blue Ball." A new and attractive remarkably compact gem for edgings and beds. The plant is almost globular and uniform in growth. A deep rich blue. Pkt. 15c, Tr. Pkt. 40c.

Palustris Semperflorens. A dwarf, continuous bloomer. Showers of bright blue. 6 in. Pkt. 15c, Tr. Pkt. 35c.

Oenothera

Myosotis, Alpestris

NEPETA

Mussini. Small leaf Catmint with short spikes of lavender. Silver gray foliage. Fine for edging or rock work. Pkt. 10c, Tr. Pkt. 25c.

OENOTHERA

EVENING PRIMROSE

Missouriensis. The Ozark Snowdrop is a rugged little beauty for the rock garden. Low growing, leathery leaves with trailing 6-in. stems bearing extra large, golden yellow flowers in the early Summer. Pkt. 15c, Tr. Pkt. 35c.

PAPAVER

ICELAND POPPIES

The Nudicaule, or Iceland Poppy makes a bright show in the early Summer garden. Slender, graceful stems make them choice for cutting. They are easy from seed blooming the first season.

"Imperial Jewels Mixed."

The newest and finest

mixture. Beautifully frilled and fluted, many of them semi-doubles 4 to 5 in. across in a glorious range of rich colors—many new tints. Long, wiry stems bear the large flowers in regal splendor. Pkt. 15c, Tr. Pkt. 40c.

"Amurenses Yellow." Given an award in the A.A.S., "Yellow Wonder" is a giant Buttercup shade on wiry 24 in. stems. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 60c.

"Red Cardinal."

A new introduction. The finest deep cardinal yet introduced.

Large, silky petals of a rich hue are enhanced by the golden stamens. Superb for cutting. Pkt. 20c, Tr. Pkt. 50c.

"Gartref Strain." A dainty novelty in art shades and pastel mixtures. Delicate picotee markings. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

Collection 72: Packet Each of Above Poppies, 40c.

Nudicaule. Orange, white, yellow, or mixed. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c.

Oriental Poppies

These giant-flowered beauties add a brilliant touch to June gardens. They do not come 100% true to color which is why all our plants offered in the plant section are grown from cuttings.

"Excelsior Hybrids." All the rich colors found in Oriental Poppies. Taken from a choice collection. Pkt. 15c, Tr. Pkt. 40c.

The Charming Alpine Poppy

Alpinum. Dainty glaucous rosettes covered with miniature, cup-shaped flowers of delicate shades on 6-in. stems. Pkt. 15c, Tr. Pkt. 40c.

PHLOX

Phlox seed should be sown early outside to freeze for best results.

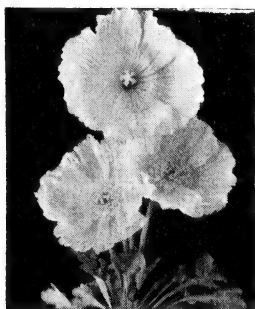

Decussata Mixed. The tall garden Phlox. Seed taken from a choice collection of named varieties. Very interesting results from seeds. Pkt. 10c, Tr. Pkt. 25c.

Divaricate canadensis. The dainty Wild Sweet-William that brightens the Spring woodlands. Wiry 8 in. stems topped with clusters of lavender flowers. Pkt. 15c, Tr. Pkt. 40c.

Primula Seiboldi is one of the Best

Pyrethrum, Double

Poppy, Imperial Jewels

PARDANTHUS THE BLACKBERRY LILY

Chinensis. Handsome flowers of bright orange spotted chocolate on slender, 2½-ft. stems. Blooms in July and August. The seed pods resemble large Blackberries. Pkt. 15c, Tr. Pkt. 35c.

PENTSTEMON BEARD TONGUE

Cyananthus. Dwarf spikes of rich blue in May and June. A delightful western native. Pkt. 15c, Tr. Pkt. 40c.

Garratti. A grand American Alpine with delicate blue flowers overcast with opalescent shades. Desirable in the cool rocky. Pkt. 25c.

Glaber. Blue green foliage with full 12-in. spikes of rich pink flowers throughout the Summer. Pkt. 20c.

Grandiflorus. One of the largest-flowered in spikes of lilac blue. Glaucous silver foliage. 3 ft. Pkt. 15c, Tr. Pkt. 40c.

Speciosum. Showy 2-ft. spikes of rich blue contribute a bright spot of color to garden. Pkt. 10c, Tr. Pkt. 25c.

Torreyi. Tall graceful spikes of vivid Grenadier scarlet. Varnished deep green foliage. 5 ft. Pkt. 10c, Tr. Pkt. 25c.

PLATYCODON BALLOON FLOWER

Grandiflorum. Large, open, Campanula-like flowers on graceful, 2 ft. stems in the early Summer.

Blue White or Mixed
Pkt. 10c, Tr. Pkt. 25c, ¼ oz. 50c.

Mariesi. A dwarf type for the rocky. Large flowers on stocky 12-in. stems.

Blue White or Mixed
Pkt. 15c, Tr. Pkt. 35c.

POLEMONIUM

Carneum. A rare Western dwarf. Colorful sprays of flowers in shades of pink, flesh and salmon rose. 1 ft. Pkt. 25c.

Caeruleum. The bright blue Jacob's Ladder so cheerful in the border during June. 1½ ft. Pkt. 10c, Tr. Pkt. 25c.

Reptans. Light blue flowers in clusters on handsome semi-dwarf foliage. Showy in May and June. 1 ft. Pkt. 15c, Tr. Pkt. 35c.

POLYGONATUM

Biflorum. The true native Solomon Seal. Blooms from April until July followed by handsome dark blue berries. Fine for the wild garden. Pkt. 20c, Tr. Pkt. 50c.

PRIMULA

This list of Primroses has been selected from those hardy varieties that merit consideration because of their distinctiveness and dependability in American gardens. All Primulas welcome a cool, rich soil and resent dry, hot locations. We recommend that all seed be sown outside as early in the Spring as possible.

Polyanthus Types

The Polyanthus, or Bunch Primrose, is a hybrid showing the large flowers of the Primrose and the flower umbel of the Cowslip.

Barr's Exhibition Reds. Selected from prize strains of giant crimson and scarlet. Pkt. 30c.

Barr's Exhibition Whites. Huge flowers of white, many showing a pretty yellow eye. Pkt. 30c.

Barr's Exhibition Yellow. Striking yellow of extra size and quality. Pkt. 30c.

Barr's Exhibition Mixed.

The newest strain of giant

flowered Polyanthus. New shades heretofore unknown in this group, abound in this grand mixture. For prize flowers grow this novelty. Pkt. 25c, Tr. Pkt. 65c.

Barr's Munstead Giants. A superb blend of orange, yellow and cream, many of them brightly overcast with apricot. Greatly improved as to size and highly recommended. Pkt. 20c, Tr. Pkt. 50c.

Veris "Queen of Heaven." The grand rare blue Primrose. One of the prettiest and very scarce. Varies somewhat from seed but you may expect some exceptional colors from this. Pkt. 50c.

Veris Choice Mixed. The popular Spring Polyanthus in a wide range of bright colors. Ideal as an edging for the garden path or for the rocky. 6 in. Pkt. 15c, Tr. Pkt. 40c.

Rock Garden Varieties

Auricula, "Dobbies Imperial Strain."

A vastly improved giant in a wide range of rich colors such as bright blue, clear carmine, velvety purple, saffron and maroon bronze with an attractive contrasting eye. Highly recommended. Pkt. 25c, Tr. Pkt. 70c.

Cashmeriana. The lovely ball-shaped clusters of rich lavender flowers on slender 10 in. stems are among the first to welcome the Spring. Pkt. 20c, Tr. Pkt. 50c.

Cortusoides. A pretty Siberian species with crinkly light green foliage and flowers of deep rose on wiry 10-in. stems. Pkt. 15c, Tr. Pkt. 40c.

Denticulata. A grand Himalayan native. Large, round flower heads of lavender blue. A gay show in the early Spring. 1 ft. Pkt. 25c.

Officinalis. The European Cowslip. Heavy clusters of small golden yellow flowers on waving 1-ft. stems. Pkt. 10c, Tr. Pkt. 25c.

Rosea grandiflora. Unique and one of the prettiest. A profusion of bright pink flowers on 6-in. stems in the early Spring. Pkt. 20c, Tr. Pkt. 50c.

Seiboldi. A charming Japanese dwarf. Low-growing, crinkly leaves. Fringed pink, rose and white flowers is a pleasing blend on wiry 8-in. stems. Pkt. 25c, Tr. Pkt. 65c.

Vulgaris. The gay bright yellow true English Primrose. Blooms in the early Spring. 4 in. Pkt. 15c, Tr. Pkt. 35c.

Scabiosa Fischeri is a Rich Blue

Tall Primulas

Beesiana. Velvety purple flowers with a yellow eye. 2 ft. Pkt. 20c, Tr. Pkt. 50c.

Bulleyana. Dense spikes of rich apricot on 2-ft. stems. A rugged variety. Pkt. 15c, Tr. Pkt. 35c.

Japonica Mixed. A gorgeous variety for a moist location. Whorls of large flowers in shades of rose, pink, crimson and white on stocky 18-in. stems. June blooming. Pkt. 15c, Tr. Pkt. 40c.

Pulverulenta. A handsome western China native similar in form to *P. japonica*. Large flowers vary from rose to ruby red. 2 ft. Pkt. 15c, Tr. Pkt. 35c.

Pulverulenta "Bartley Strain." An improved strain of rose, light pink and deep coral. Merits consideration. 3 ft. Pkt. 25c.

Sikkimensis. A beautiful Himalayan native with clusters of silky yellow flowers on 2 ft. stems. Pkt. 20c, Tr. Pkt. 50c.

PYRETHRUM PAINTED DAISIES

Huntington's Choice Named Varieties

Mixed. Saved from the finest collection of Pyrethrum in this country. This season we have added a number of new named varieties and some striking novelties as yet unnamed.

A few of the many varieties included in this mixture are: "**Buckeye**," "**Brilliant**," "**Pink Bouquet**," "**Carol Taylor**," "**Sylvia**," "**Lord Roseberry**," "**Ruth Huntington**," and "**Dainty**." Grand doubles and semi-doubles of perfect form in a complete color range. Being hybrids they will not come 100 per cent true, but we confidently offer the seed as collected from the finest double Painted Daisies grown. Highly recommended. Pkt. 40c, Tr. Pkt. \$1.00.

Huntington's Selected Singles. Our choice singles are grown with the same care we devote to our superb doubles. Selected for extra size, form and a balanced range of color predominating in those shades that are so useful for cutting. Pkt. 15c, Tr. Pkt. 35c, 1/8 oz. 75c.

"Langport Scarlet." With the exception of "Huntington's Scarlet," the seed of which we are using in our Named Varieties Mixed, this is the finest and largest scarlet yet produced. A magnificent color enhanced by a small golden yellow center. Pkt. 25c, Tr. Pkt. 65c.

ROMNEYA POPPY MALLOW

Coulteri. A pretty California native. Large delicately fragrant white flowers. 3 ft. Pkt. 10c, Tr. Pkt. 25c.

RUDBECKIA PURPLE CONE FLOWER

Purpurea. Large, purple mauve flowers with a center cone of reddish brown. A profuse Midsummer bloomer. 30 in. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

SALVIA HARDY SAGE

Azurea grandiflora. Long slender spikes of Belladonna blue in Midsummer. 4 ft. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

Patensis. Waving spikes of rich purple in June. 30 in. Pkt. 15c, Tr. Pkt. 35c.

SANGUINARIA

Canadensis. The pretty native Bloodroot. Glauous kidney-shaped leaves. Glistening white flowers on wiry 6-in. stems in the early Spring. Pkt. 15c, Tr. Pkt. 40c.

SAPONARIA

Ocymoides splendens. A shower of rich pink on trailing foliage in the early Summer. Pkt. 15c, Tr. Pkt. 35c, 1/4 oz. 60c.

SAXIFRAGA

Cordifolia. Ball-shaped bright rose flower heads rising on stocky 6 in. stems from leathery russet green foliage. Among the first to welcome the Spring. Pkt. 20c, Tr. Pkt. 50c.

SCABIOSA BLUE BONNET

Caucasica. Lacinated petals of rich deep lavender with a crested center of clear blue. One of our best cut flowers for Summer use. 2 ft. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 50c.

"Isaac House New Hybrids." An English strain of giant flowers in shades ranging from delicate lavender to rich purple. A superb cut flower. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 75c.

Fischeri. This new Manchurian variety received an Award of Merit from the R.H.S. The 2 1/2-ft. plants are covered with violet blue flowers through most of the summer. A welcomed new cut flower. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 60c.

SEMPERVIVUM

Select Mixed. Taken from a fine collection of "Hen and Chickens." Will show many interesting types. Pkt. 15c, Tr. Pkt. 40c.

SENECIO

Clivorum "Orange Queen." Brilliant orange flowers atop heavy, 3-ft. stems. Very useful in the shady border. Pkt. 15c, Tr. Pkt. 40c.

SIDALCEA

"Rose Queen." Bright rose open flowers, prettily arranged along erect, 3-ft. stems. Shiny, dark green foliage. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c.

New Hybrids. A wonderful new strain in colors ranging from pastel pink to rich rose, salmon, red, lilac and heliotrope. 2 1/2 ft. Pkt. 20c, Tr. Pkt. 50c.

SILENE

Hookeri. One of the most striking of western alpine. Soft gray foliage of prostrate form, studded with deeply fringed coral pink flowers. 2-in. Pkt. 25c.

Ingrahmi. A free flowering, rich deep pink of erect habit. Very choice. Pkt. 25c.

Maritima. Tidy tufts of blue green smothered with pinkish white flowers. Ideal in the dry hot rockery. 3 in. Pkt. 20c, Tr. Pkt. 50c.

Schaffa. A sheet of deep rose in Midsummer. A semi-trailer, fine among the rocks. Pkt. 15c, Tr. Pkt. 35c.

Wherryi. A rare dwarf from the hills of Kentucky. Bright pink flowers of extra size on 9-in. stems. Recommended for a dry, sunny spot in the rockery. Pkt. 20c, Tr. Pkt. 50c.

Collection 73: Packet Each of 5 Silenes, 75c.

Trollius should be Frozen for Best Results

STACHYS

Lanata. Thick, woolly gray leaves with heavy, 2-ft. flower spikes of light lilac blue. Pkt. 15c, Tr. Pkt. 35c.

STATICE

SEA LAVENDER

Latifolia. A dependable favorite for cutting. The 2-ft. plant is a spray of misty lavender. Pkt. 10c, Tr. Pkt. 25c, 1/8 oz. 40c.

STOKESIA

CORNFLOWER ASTER

Cyanea. Extra large, Aster-like flowers blooming in Midsummer. Handsome in the border and a most acceptable cut flower. 1 1/2 ft.

Blue White or Mixed
Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 60c

STYLOPHORUM

Diphyllum. The brilliant orange Celandine Poppy. Very conspicuous in the low border. 1 1/2 ft. Pkt. 20c, Tr. Pkt. 50c.

SWEET WILLIAM

DIANTHUS BARBATUS

One of our most popular and useful flowers because of the mass of color they lend to the early Summer gardens. Easy from seed and they produce a lavish display.

Johnson's Giants Mixed. A fine English strain in giant flowers of sparkling colors. 18 in.

Giant Doubles Mixed. Extra large doubles in many rich and pleasing shades.

Newport Pink. Clear rich pink.

Nigrescens. Velvety maroon.

Pink Beauty. Bright salmon pink.

Scarlet Beauty. A glowing color.

Giant White. An improved single.

Holburn Glory. An auricula-eyed mixture of unusual brightness.

Latifolius atrococcineus. The everblooming Sweet William. Double flowers of deep crimson resemble small Carnations.

Any of above: Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 40c.

THALICTRUM

Aquilegiaefolium Mixed. Tall, graceful 3 ft. stems bearing fluffy flowers in shades of lilac mauve, purple and white in June. Pkt. 10c, Tr. Pkt. 25c.

Dipterocarpum. Delightful pearl buds opening to lavender and gold on erect 3-ft. stems. Delicate lacy foliage. Pkt. 10c, Tr. Pkt. 25c, 1/4 oz. 50c.

Glaucum. Handsome, finely cut blue gray foliage. Slender 3-ft. stems bearing sprays of misty yellow flowers. Pkt. 10c, Tr. Pkt. 25c.

THERMOPSIS

Sow outside as early in the Spring as possible.

Caroliniana. Large Lupine-like spikes of bright yellow on erect 3-ft. stems in June and July. An interesting border plant. Pkt. 15c, Tr. Pkt. 40c, 1/8 oz. 50c.

TIARELLA

Cordifolia. A dainty, dwarf native with foamy white flowers in the Spring. Attractive, large, low growing leaves. Excellent for a partially shaded location. Pkt. 20c, Tr. Pkt. 50c.

TRILLIUM

WAKE ROBIN

Erectum. A native found in the shady recesses of the woods. Cup-shaped flowers of rich maroon in April and May. Pkt. 15c, Tr. Pkt. 40c.

Grandiflorum. Pretty Lily-like pearl white flowers in the early Spring. 8 in. Pkt. 15c, Tr. Pkt. 40c.

TRITOMA

RED HOT POKER

Pfitzer's Hybrids. Large spikes of orange, apricot and yellow on stout 30 in. stems. A choice strain. Pkt. 15c, Tr. Pkt. 40c.

TROLLIUS

GLOBE FLOWER

Trollius seed reacts most favorably to the freezing treatment. Sow outside as early in the Spring as possible.

Europaeus. The grand European Globe Flower. Ball-shaped flowers of rich orange and deep yellow. Early bloomer coming in late April and blooms again in the Fall. 2 ft. Pkt. 15c, Tr. Pkt. 35c.

Ledebouri. A vivid orange of distinct form. Flat outer petals surround a tufted center of bright golden rays. Blooms in May. This type is easy from seed. Pkt. 15c, Tr. Pkt. 40c.

Ledebouri "Golden Queen"

The increasing popular English novelty. Extra large, brilliant orange flowers, some with so many petals they give the appearance of being semi-doubles. This seed can be sown in April as it does not need to be frozen. We have found that germination is a little more even if frozen. Pkt. 20c, Tr. Pkt. 50c.

Choice New Hybrids. A select strain taken from new named varieties. Beautiful shades of lemon, chrome yellow and light and deep orange. Pkt. 20c, Tr. Pkt. 50c.

TUNICA

Saxifraga. Forms neat tufts of deep green foliage covered with dainty flowers of rich pink. An easy and dependable rock plant. 6 in. Pkt. 10c, Tr. Pkt. 25c.

VALERIANA

Officinalis. A grand border subject. Airy, bluish-white flower heads on 3 ft. stems in June. Pleasantly fragrant. Pkt. 20c.

Rose. A profuse bloomer with bushy 2 ft. plants covered with bright rose flowers. June and July. Pkt. 15c, Tr. Pkt. 35c.

VERBENA

Bipinnatifida. A lovely border perennial with fern-like foliage and large flat lavender-blue flower clusters. Blooms continually during the summer. Will bloom first season if sown early. Pkt. 15c, Tr. Pkt. 40c.

Bonariensis. Numerous terminal umbels of rosy lavender on slender 5-ft. stems. An Award of Merit from the R.H.S. Pkt. 15c, Tr. Pkt. 35c.

Venosa. A desirable edging plant of neat habit. Violet flower spikes rise 1 ft. above the low growing deep green foliage. Can be treated as an annual by sowing early. Pkt. 10c, Tr. Pkt. 25c.

Venosa lilacina. A mass of delicate lavender flowers completely hides compact foliage. Recommended as an edging or bedding variety. Pkt. 10c, Tr. Pkt. 25c.

Viola "Chantreyland" is an Improved Apricot

VIOLA

The ease with which these come from seed, their dependability and the gay rich color they add to the garden from early Spring until snow flies make them extremely popular.

These hardy favorites are ideal either in the rockery or border. A profusion of riotous color from early Spring until late Fall. Will bloom the first season from seed.

Admiration. Deep purple blue.

Blue Perfection. Bright blue.

Ilona. Rich Burgundy wine.

Lutea Splendens. Chrome yellow.

White Perfection. Waxy white.

Choice Mixed. Balanced mixed.

Any of above: Pkt. 15c, Tr. Pkt. 35c.

Collection 73: Packet of Each of Five Named Violas, 50c.

Choice Hybrid Violas

In this group are the finest and newest varieties. Extra large flowers, clear bright colors and stocky, sturdy growth are their chief characteristics.

Apricot Queen. Bright creamy orange with a vivid splash of apricot in the center.

Arkwright Ruby. A fine English novelty. Extra large flowers of ruby red marked with deep maroon in the center.

Chantreyland. An improved apricot color. The entire flower is a rich shade with only faint traces of lines.

Puck. A pretty bicolor. The upper petals are rich purple which contrast nicely with the lower apricot yellow.

Jersey Gem. The finest deep blue Viola. Forms neat clumps with rich colored flowers from June until November. Pkt. 30c.

Yellow Queen. An English introduction of merit. Large golden yellow flowers of rich beauty.

Scotch Border Extra Select. A magnificent strain of colorful large flowers representing the latest improvements. A superb bedding variety.

Any of Above: Pkt. 20c, Tr. Pkt. 50c.

Collection 74: Packet Each of 7 Violas \$1.00.

Unusual Violas

Odd and interesting varieties that are very pretty and useful for the rockery. Distinct types with charming qualities.

Bosniaca. A splendid Alpine species of compact habit. Numerous small, deep rose flowers on unique tidy clumps.

Florariensis. An Alpine prize developed by the late M. Correvon. Mottled blue and white flowers in great profusion.

Gracilis. An improved strain forming a velvety purple carpet. Neat, compact tufts.

Johnny-Jump-Up. The popular old favorite with small Pansy faces in varying combinations of purple, blue, and yellow.

Nigra. This quaint gem, velvety deep purple, is sometimes called Viola "Black Imp." Long lasting and free-flowering it is ideal among the rocks.

Any of Above: Pkt. 20c, Tr. Pkt. 50c.

Collection 75: Packet Each of Unusual Violas, 75c.

VERBASCUM

Phoeniceum. Graceful flower spikes in shades of pink, salmon, violet, and white. A distinctive addition to the Summer border. 2½ ft. Pkt. 15c, Tr. Pkt. 35c.

VERONICA SPEEDWELL

Incana. Vivid purple 8-in. spikes contrast beautifully with the silver gray dwarf foliage. Pkt. 15c, Tr. Pkt. 35c.

Longifolia. Slender 20 in. flower spikes of rich blue. Not to be confused with V. longifolia subsessilis which does not produce seed. Pkt. 10c, Tr. Pkt. 25c.

Spicata Blue. Waving graceful 18 in. spikes of bright light blue. A colorful show during the early Summer. Pkt. 10c, Tr. Pkt. 25c.

Viola, Scotch Border

Verbena, Venosa

FOR FINE RESULTS WITH HUNTINGTON'S SEEDS

With few exceptions, which are noted in the Catalogue as items that must be frozen, all alpine and perennial seeds are successfully started by sowing in April and May.

Carefully prepare the seed bed which should be a loose loam. Be certain that the bed is level so that the seeds do not wash away.

Sow the seed thinly. Take a flat board and gently firm the seed into the soil. Screen a light covering of dirt over the seeds being sure that they are not too deeply covered.

Shade the bed and keep it watered, preferably with a spray, so that the seeds do not dry out. After they germinate give them some light but do not let the mid-day sun strike them.

We are always ready to be of service. If you have any problems at all please call upon us. With our wide experience in growing fine seeds it is highly probable that we have the exact information that will solve your most puzzling difficulties.

"Huntington's Dependable Seeds"

94 E. Jackson Street

PAINESVILLE, OHIO

THIS SPACE RESERVED FOR SUBSTITUTIONS

As noted in the Catalogue, we do not substitute unless we have your permission. Because many of our seeds are collected from different parts of the world, crop failures cannot be avoided. It will enable us to render you better service and more prompt delivery of seeds if you will give us a list of items in the space below that you desire as second choice. This permits us to completely fill your order. If you desire us to make substitutions, we guarantee that we will fill your order with varieties of equal or greater value than the seeds ordered. For this courtesy to us we shall be pleased to add gratis packets to your order.

[illegible]

If our seeds and plants are giving you satisfaction may we send a catalogue to one of your gardening friends? If you will kindly fill in the name and address we shall be pleased to forward a copy.
